Records Requested:

Notes: The more specific and narrow the request the more efficient it will be for the agency to respond to your request. If you are unsure about the records' description, contact the agency or records officer.

In accordance with the Government Records Access Management Act (GRAMA), I hereby request records including all relevant information-location of event(s) described in records, facility name or EPA ID number, city, county, address, radiation control license number (if applicable), operator, permittee or licensee name, date range of the records; names of the person(s); and subject of request.

If records are requested in an electronic format, be advised that in accordance with Utah Code Annotated 63G-2-201(8), a governmental entity is not required to provide a record in a particular format, medium, or program not currently maintained by the governmental entity. Records will be made available in a format that allows us to respond to your request in the most timely and efficient manner. If you desire the records to be provided in a particular format, the agency will attempt to honor the formatting request if it is reasonable but has no legal duty to do so. In that event, reformatting records may be subject to cost recovery as provided in Section 63G-2-203(2)(a).
