Dear *School Contact*:

I have conducted an AHERA asbestos inspection that meets the requirements of Utah Administrative Code R307-801-4 incorporating Title 40 Code of Federal Regulations Part 763 and meets all specific requirements found in subparts 763.85 through 763.87 for (*put name of school here*) located at (*put school address here*). The construction of the above referenced school was completed on (*put the date of school completion here*). Our Utah Asbestos Company certification number is ASBC-XXXX and my Utah Asbestos Inspector certification number is ASB-XXXX. Attached is a copy of the asbestos inspection report which shows that no regulated asbestos containing building materials were found in the above referenced school.

Sincerely,

Certified Inspector's Name
