General Instructions

This Asbestos Individual Certification Application Form must be properly completed and received by the Utah Department of Environmental Quality/Division of Air Quality (UDEQ/DAQ), the appropriate fee must be paid, and you must have an Asbestos Individual Certification Card from the UDEQ/DAQ prior to performing any regulated asbestos work activities. You can apply online at http://asbestos-lead.utah.gov (please, no WWW) through the ALBoP (Asbestos/Lead-Based Paint) database, email back this form to asbestos@utah.gov and pay with a credit card at https://secure.utah.gov/cart/daq_cart/products.html, or by sending this completed form and payment by the US Postal Service. Please complete all forms by writing legibly (using blue or black ink) or completing this PDF fillable form. If you use this form’s PDF fillable capability, please save it to your desktop before closing the document or all information will be lost. Attach additional sheets of paper using the appropriate format, if necessary. Please redact the individual’s Social Security Number if submitted to the UDEQ/DAQ.

C. Asbestos Individual Certification Application Fee

UDEQ/DAQ has established a fee of $137.50 per asbestos discipline/year for the certification of individuals who perform regulated asbestos work activities. The UDEQ/DAQ has also established fees of $33.00/training course discipline for non-Utah accredited training providers and $33.00 for lost individual certification card replacement. Regardless of the type of application you are submitting, please properly complete and submit the form and the appropriate fee to the UDEQ/DAQ at the time of application. Certification fees represent the cost for a complete certification year or any fraction thereof.

If this is a lost individual certification card application, check the appropriate boxes in the first column and second (Individual Certification Application Fees and Surcharges) columns and put $33.00 in the third (Total Asbestos Individual Certification Application Fees) column.

If you are applying for individual initial or renewal certification, check the appropriate asbestos individual certification discipline box(es), check if this is an initial or renewal certification, and write the training course certificate number for all disciplines for which you are requesting certification all in the first column. Next, put the total number of asbestos certification disciplines you are requesting and multiply that number by $137.50, be sure to include the number of non-Utah accredited training provider asbestos discipline(s), multiply that number by $33.00, and put the total of these two fees in the third column.
