The original bid did not include installation, which the invoice included at 5% in addition. The final invoice included a $2,000 labor cost in addition. December 30, 2020.
Weber State University

Awarded $143,694 to purchase and install four dual-port Level 2 EVSEs at the Campus Services charging station and funded at 100 percent. Between $25,239 and $1,297,480 to be awarded for future projects. TBD

Lot; M29 parking lot; and Aux Services lot. Three were funded at 60% and the other unit is a public. Institutional transformer was a required addition at the same location. This will increase the number of EVSE units at the Kanab Civic Center from two DC Fast Chargers to three DC Fast Chargers and seven Level 2 EVSE units.

Final project includes the purchase, installation, and use of the EVSE units. All of the EVSE units are in public. The EVSE units were installed and activated during March, April, and May 2021.

Completion of local cell service required for installation, activation, and use of the EVSE units. Timpanogos Cave indicated that they are prepared to cover the additional costs with local funds in order to complete the project as planned.

March 1, 2022

Kane County

Awarded $1,047,623 to purchase and install 11 dual-port Level 2 and 16 single-port DC Fast EVSEs, the combined total cost is $1,297,480. This project was awarded the July 31, 2020 stop work order for completion of a dual-port Level 2 and a single-port DC Fast Charger at the Beverley Center.

The EVSE units were installed and activated on April 22, 2020; Grassy Mountain Rest Area, West and East Bound, April 6, 2020; Blind Mountain Rest Area, April 8, 2021; Timpanogos Cave, February 2022; and Price City Museum, March 2022.

Completion of local cell service required for installation, activation, and use of the EVSE units. Timpanogos Cave indicated that they are prepared to cover the additional costs with local funds in order to complete the project as planned.

March 1, 2022

Zero Emission Vehicle Additional Light-Duty Supply Equipment

West Valley City

Awarded $148,158 to purchase and install four dual-port Level 2 EVSEs at City Hall and West Valley City Fitness Center, funded at 50 percent, and six units at 60 percent. Project has started and is in progress.
