LEAD-BASED PAINT ABATEMENT PROJECT NOTIFICATION

A. Instructions

A certified Utah Department of Environmental Quality/Division of Air Quality (UDEQ/DAQ) lead-based paint (LBP) supervisor must complete this form and return it to the UDEQ/DAQ at least ten (10) days before beginning LBP activities. For emergency LBP abatement activities (less than ten days notification), this form should be delivered as soon as possible (overnight delivery, hand carried, or faxed followed by same day mailing of the original form and including the appropriate fee) with an explanation why the emergency abatement activities are necessary. Please complete this form by writing legibly (using blue or black ink only) or by using a typewriter/computer printer.

B. Type of Notification

- Initial LBP Abatement Project Notification** (Please complete entire form)
- Emergency LBP Abatement Project Notification** (Please complete entire form and include a brief letter of explanation why the emergency abatement activities are necessary)
- Amendment to Initial LBP Abatement Project Notification or previously amended notification** (Please complete all areas of Sections D, H and all sections of this form which require amending, as necessary)
- LBP Abatement Project Start/End Date, Work Day and/or Work Time Changes** (Please complete all areas of Sections D, E and H)
- LBP Abatement Project Cancellation** (Please complete all areas of Section D and H)

C. Notification Fee

The UDEQ/DAQ has established a LBP Abatement Project Notification fee which includes a base fee and a per unit fee. To calculate the appropriate total LBP notification fee, first determine and check the appropriate box in the **Structure Type** column. Determine the total surface area of LBP on building components and/or soil which will undergo abatement with this notification. If the total abatement project surface area is over 10,000 ft², put 10,000 in the **Abatement Unit Fee (0-10,000 ft²)** column and the remaining surface area for the project in the **Abatement Unit Fee (>10,000 ft²)** column. Perform the appropriate math to calculate the abatement unit fees, add the base fee and put the total fee in the **Total Notification Fee** column. The appropriate fee must be submitted to the UDEQ/DAQ at the time of LBP abatement project notification.

Structure Type	Base Fee	Abatement Unit Fee (0-10,000 ft ²)	Abatement Unit Fee (>10,000 ft ²)	Total Notification Fee
<input type="checkbox"/> Target Housing - Owner Occupied	\$55.00	____ X \$7.70/100 ft ²	____ X \$3.85/100 ft ²	
<input type="checkbox"/> Target Housing - Tenant Occupied	\$165.00	____ X \$7.70/100 ft ²	____ X \$3.85/100 ft ²	
<input type="checkbox"/> Child-Occupied Facility	\$165.00	____ X \$7.70/100 ft ²	____ X \$3.85/100 ft ²	

D. Location of Abatement Activity

Type of Building: Target Housing - Owner Occupied Target Housing - Tenant Occupied Child-Occupied Facility

Occupant/Property Name: _____
For Target Housing-Owner Occupied put occupant's name (Last, First, Initial), for Target Housing-Tenant Occupied or Child-Occupied Facility put property name

Property Address: _____
Street Address (Please, no P.O. Box) City State Zip Code

Property Owner/Manager: _____ Telephone #: (_____) _____ - _____

Property Owner/Manager Address: _____
Street Address (Please, no P.O. Box) City State Zip Code

Please write a brief description of the abatement project and where in the structure the abatement activity will be performed. Attach additional sheets of paper if necessary.

E. Activity Start/End Dates, Work Days, and Work Times

Specify the dates when you will begin and end LBP preparation and abatement activities. If necessary, estimate the end date and time using your best professional judgment. Include the days and hours you will be working on the project. If the abatement activity start/end dates, work days and/or work start time changes, an amendment to this notification must be submitted to the UDEQ/DAQ prior to the initiation of abatement activities.

Preparation start date: _____ Preparation end date: _____
Month/Day/Year Month/Day/Year

Abatement start date: _____ Abatement end date: _____
Month/Day/Year Month/Day/Year

Work days and hours: Su M Tu W Th F Sa From: _____ am/pm To: _____ am/pm

F. LBP Disposal Location

If more than one Disposal Site/Firm will be used, attach additional sheets of paper using the following format.

Disposal Site/Firm Name: _____
Name

Disposal Site/Firm Address: _____
Street Address (Please, no P.O. Box) City State Zip Code

Disposal Site/Firm Phone # (_____) _____ - _____ ext. _____ Fax # (_____) _____ - _____

G. Notifier Information

List the name of the certified LBP firm and the firm's certification number. List all certified supervisors who are scheduled to work on the LBP abatement project identified in this notification. Include name, title, and certification number as indicated. Attach additional sheets of paper if necessary. If supervisors on the site change, an amendment to this notification must be submitted to the UDEQ/DAQ prior to the initiation of abatement activities.

Firm Name/Certification Number: _____
Name Certification Number

Certified LBP Supervisor: _____
Name Certification Number

Certified LBP Supervisor: _____
Name Certification Number

H. Certification Statement

I hereby attest and affirm that the information included on this notification form, including any attachments, is true and accurate to the best of my belief and knowledge. I acknowledge that any approval authorized pursuant to this notification will be subject to revocation if issuance was based on incorrect or inadequate information that materially affected the decision to issue the LBP abatement project approval. I also attest and affirm that I will follow the work practice standards required by R307-840, Utah Administrative Code.

Applicant's Signature

Applicant's Printed Name

Applicant's Title (if applicable)
