Daren Koldewyn, Environmental Engineer
Autoliv North America, Ogden Facility
3350 Airport Road
Ogden, Utah 84405

Dear Daren,

It is my pleasure to officially welcome Autoliv North America's Ogden Facility as a Partner in our Clean Utah program.

Your facility successfully met our compliance and EMS requirements. We have accepted your two environmental improvement projects including:

- 1 Reduction of solid waste going to the local landfill by recycling scrap cushions and fabrics; and
2. The conversion of your passenger shuttle van from gasoline to natural gas.

We request that you file an annual report documenting your progress on both projects in March of each year. Once a project has reached its logical conclusion, you will need to propose others in order to maintain your Partner status.

As incentives, DEQ has agreed to fast track your air permit modifications. As was discussed in your recent meeting with Bill Sinclair, this will be contingent upon your submittal of a complete packet at the time the request is made. You also requested a low priority for routine inspections. Currently, your only routine inspection is the one conducted annually by the Division of Air Quality. Based on your compliance record, the 2005 inspection will not occur. The next regular inspection will be in 2006. The facility must, however, maintain all recordkeeping and other requirements.

Designation as a Partner also entitles the Ogden Facility to use the Clean Utah logo in promotional and other materials. Please note that the rights to this logo apply only to this facility.

DEQ will post information about your facility on our Clean Utah website. We are currently in the process of preparing a press release announcing your acceptance into the program. We also have a plaque we would like to present to you in the near future. Renette Anderson will be in touch with you to make arrangements.

I would like to extend an invitation to you to attend lunch with my Executive Staff on one of the days scheduled for our Senior Management Retreat (currently set for March 23 and 24 in Salt Lake City.) It is our intent to meet with the new members of our Clean Utah Program to hear more about their projects and to discuss issues of interest. We will be in contact soon to get you more details.

Again, welcome to Clean Utah. I am looking forward to our continued association.

Best Regards,

A handwritten signature in cursive script, appearing to read "Dianne".

Dianne R. Nielson, Ph.D.
Executive Director
