Miles A. Broadhead, Restaurant Supervisor
Bambara Restaurant
202 South Main Street
Salt Lake City, UT 84101

Dear Mr. Broadhead:

Congratulations and welcome to Clean Utah. Your application successfully passed the compliance screen by the Utah Department of Environmental Quality, the Salt Lake Valley Health Department, and the U.S. Environmental Protection Agency.

We list all of our Clean Utah participants on the DEQ website (www.deq.utah.gov/cleanutah). We will add Bambara to our Entry Level members and include a copy of this letter and of your application. Please contact Renette Anderson at either 536-4478 or renetteanderson@utah.gov and let her know if you have a website you'd like us to include on this page. She will also assist you with any other questions you may have regarding the Clean Utah program.

I understand that Sonja Wallace has spoken with you about an Environmental Management System (EMS.) Businesses that complete this process find that it not only helps environmental performance, it often results in financial savings due to process improvements. If you are interested in developing an EMS, Sonja will assist you. Once your EMS has been in place for one complete cycle, please consider applying to our Partner Level. This is the level where the incentives and formal recognition, including use of the Clean Utah logo, become available to participants.

Again, welcome. We look forward to continued association with Bambara Restaurant.

Best regards,

Dianne R. Nielson, Ph.D.
Executive Director
