Mr. Richard Drose
Salt Lake Marriott Center
220 South State Street
Salt Lake City, UT 84111

Dear Mr. Drose:

Congratulations and welcome to Clean Utah. Your application successfully passed the compliance screen by the Utah Department of Environmental Quality, the Salt Lake Valley Health Department, and the U.S. Environmental Protection Agency.

We list all our Clean Utah participants on the DEQ website (www.deq.utah.gov/cleanutah). We will add Salt Lake Marriott Center to our Entry Level members and include a copy of this letter and your application. Please contact Paul Harding at 801 536-4108, or pharding@utah.gov with questions regarding the Clean Utah Program.

I appreciate your commitment to implement an Environmental Management System (EMS). Businesses who complete this process find that it not only helps environmental performance, it often results in financial savings due to process improvements. If you are interested in help with an EMS, Paul will gladly assist you. Once your EMS has been in place for one complete cycle, please consider applying to our Partner Level. This is the level where the incentives and formal recognition, including the use of the Clean Utah logo, become available to participants.

Sincerely,

Amanda Smith
Executive Director
