Kristen Brinkerhoff, Environmental Specialist
Tear-a-Part Auto Recycling LLC
652 S. Redwood Road
Salt Lake City, UT 84104

Dear Ms. Brinkerhoff:

Congratulations and welcome to Clean Utah. With the submission of your Notice of Intent (NOI) and the completion of your Stormwater Pollution Prevention Plan, your application successfully passed the compliance screen by the Utah Department of Environmental Quality, the Salt Lake Valley Health Department, and the U.S. Environmental Protection Agency.

We list all of our Clean Utah participants on the DEQ website (www.deq.utah.gov/cleanutah). We will add Tear-a-Part to our Entry Level members and include a copy of this letter and of your application. Please contact Renette Anderson at either 536-4478 or renetteanderson@utah.gov and let her know if you have a website you'd like us to include on this page. She will also assist you with any other questions you may have.

I understand that Sonja Wallace has spoken with you about Environmental Management Systems (or EMS.) Businesses who complete this process find that it not only helps environmental performance, it often results in financial savings due to process improvements. If you are interested in developing an EMS, Sonja will assist you. Once your EMS has been in place for one complete cycle, please consider applying to our Partner Level. This is the level where the incentives and formal recognition, including use of the Clean Utah logo, become available to participants.

Again, welcome. We look forward to continued association with Tear-a-Part Auto Recycling.

Best Regards,

Dianne R. Nielson, Ph.D.
Executive Director
