

Guidance for R309-500. Facility Design and Operation: Plan Review, Operation and Maintenance Requirements.

R309-500-6. Plan Approval Procedure.

Project Notification.

- *In addition to the Project Notification Form, new public water systems should submit a New Public Water System Supplemental Form to the Director.*

Pre-Construction Requirements.

- *Review of complicated projects, especially water treatment facilities, may require more than 30 days and should be submitted well in advance of the date on which approval is required.*
- *It is recommended that an inspector familiar with these rules be retained to observe all construction.*

R309-500-9. Operating Permit.

Water Quality Data.

- *Water quality data for finished and raw water samples will be required as evidence of effective performance of new or modified water treatment plants prior to issuing an Operating Permit.*
