

The following laboratories may be able to perform the testing indicated. The certification status of laboratories changes periodically because of various factors. Users of this document should be aware that this is only a guide and for current up-to-date information please refer to: <http://lams.nelac-institute.org/>. Before sending samples to any lab, be sure to contact them with your specific requirements and make them aware that the results will be used by a DEQ program requiring lab certification. They will be able to tell you if they are certified to provide the service.

# CERTIFIED LABORATORIES

The following laboratories may be able to perform the testing indicated. The certification status of laboratories changes periodically because of various factors. Users of this document should be aware that this is only a guide and for current up-to-date information please refer to: <http://lams.nelac-institute.org/>. Before sending samples to any lab, be sure to contact them with your specific requirements and make them aware that the results will be used by a DEQ program requiring lab certification. They will be able to tell you if they are certified to provide the service.

## **TABLE OF CONTENTS**

<b>ASBESTOS MONITORING (SOURCE &amp; DISTRIBUTION)</b>	3
<b>BACTERIOLOGIC</b>	3
<b>INORGANICS AND METALS</b>	5
<b>LEAD AND COPPER</b>	7
<b>NITRATE &amp; NITRITE</b>	9
<b>PESTICIDES</b>	10
<b>RADIONUCLIDES</b>	11
<b>SULFATE</b>	12
<b>TRIHALOMETHANE (TTHM) &amp; HALOACETIC ACIDS (HAA)</b>	13
<b>VOC'S</b>	14
<b>Unregulated Contaminant Monitoring Rule (UCMR)</b>	15

The following laboratories may be able to perform the testing indicated. The certification status of laboratories changes periodically because of various factors. Users of this document should be aware that this is only a guide and for current up-to-date information please refer to: <http://lams.nelac-institute.org/>. Before sending samples to any lab, be sure to contact them with your specific requirements and make them aware that the results will be used by a DEQ program requiring lab certification. They will be able to tell you if they are certified to provide the service.

### **Unregulated Contaminant Monitoring Rule (UCMR)**

This EPA sampling requirement requires all analysis to be conducted by UCMR registered laboratories. You will need to go to [www.EPA.gov](http://www.EPA.gov) to find approved laboratories per UCMR cycle.
