2. Perform required repairs and maintenance on water distribution system.
3. Collect monthly electronic water meter readings.
4. On-call responsibilities to monitor system and respond to any concerns or emergencies when needed, including weekends, nights and holidays.
5. Customer care for our shareholders (On-call shifts to be discussed at interview).
6. Snow plowing and snow removal during winter months.
7. Class A CDL driver's license required within the 1<sup>st</sup> year of employment.
8. Water Operators Certificate required within the 1<sup>st</sup> year of employment.
9. Backhoe, skid steer and trackhoe operating skills are required, along with ability and willingness to perform manual labor and construction related tasks.
10. Computer and smart phone skills required.. Advanced IT skills are highly appreciated.
11. Perform other shop, office & subdivision responsibilities to be discussed at interview.

This is a long-term position meant for someone who wants to grow with the company and develop water system expertise, personal career growth,, customer service skills and executive decision-making abilities. The position requires "out-of-the-box" and innovative thinking, strong work ethics, and the ability to work with our team and shareholders in a friendly, positive manner. Applicant will need to live within 30 minutes of Pinebrook and able to be on-call when needed (on-call shifts to be discussed at interview). Thank you for your interest in this position and we look forward to hearing from you.
