Re: Transmittal of Energy Fuels Resources (USA) Inc. (EFRI) response documents to the Division of Waste Management and Radiation Control's (DWMRC's) February 2013 review comments on EFRI responses to the DWMRC Round 1 interrogatories for the Reclamation Plan Rev. 5.0 and the Revised ICTM report, White Mesa Uranium Mill

Dear Mr. Anderson:

Energy Fuels Resources (USA) Inc. (EFRI) attended a meeting with the Division of Waste Management and Radiation Control (DWMRC) on May 26, 2015 in Salt Lake City, Utah at DWMRC's office. The objective of the meeting was to discuss the EFRI's plan for addressing DWMRC's February 2013 review comments on EFRI responses to the DWMRC Round 1 interrogatories for the White Mesa Reclamation Plan Rev. 5.0 and the Revised Infiltration and Contaminant Transport (ICTM) report. EFRI committed to submitting response documents within approximately three months of the May 26, 2015 meeting.

Enclosed are two copies each of the response documents to DWMRC's February 2013 review comments on EFRI responses to the DWMRC Round 1 interrogatories for the White Mesa Reclamation Plan Rev. 5.0 and the Revised ICTM report, as well as two CDs each containing a word searchable electronic copy of the response documents. For ease of review, the comments are presented, verbatim, in italics, followed by EFRI responses. Attachments to the response document referencing the Reclamation Plan, Rev. 5.0, include a number of revised sections of the Reclamation Plan to assist with facilitating the review of the responses (i.e. drawings, technical specifications, construction quality assurance/quality control plan, radiation protection manual, and appendices to the Updated Tailings Cover Design Report including results of revised technical analyses).

ENERGY FUELS RESOURCES (USA) INC.
