PERMIT INFORMATION

PERMITTEE NAME: Ensign Bickford Company
MAILING ADDRESS: 3298 North Main
Spanish Fork, UT 84660
TELEPHONE NUMBER: (801) 554-9134
FACILITY LOCATION: 8305 South Highway 6 & 89, Spanish Fork, UT 84660
UPDES PERMIT NO.: UT0025283

RECEIVING WATERS: Hobble Creek, and Spanish Fork River

BACKGROUND

Until recently, this facility was an explosives manufacturing plant that had been operated at the present Ensign-Bickford Company (EBCo) site since prior to World War II. The Hobble creek portion of the facility consists of flow from the Mapleton GAC facility and the Orton GAC facility with a discharge to either the Mapleton pressurized Irrigation System or directly to Hobble Creek. The flow from the Mapleton GAC makes up roughly 2/3's of the flow and the Orton GAC make up roughly 1/3 of the flow to the system. The Spanish Fork treatment facility is located at 3710 East Hwy. 6 in Spanish Fork. This discharge is mostly, if not completely, discharged to the City of Spanish Fork's pressurized irrigation system and only makes it to the Spanish Fork River when irrigation activities warrant it.
