

**Division of Air Quality
New Source Review Section**

**Form 15b
Equipment Registration Form for Generic Portable Equipment**

Contact Name _____

Company Name _____

Mailing Address _____

City, State, Zip _____

Use the following guidelines to complete the information requested on the back of this form.

Equipment types to list: crushers, screens, generators, asphalt batch plants, and concrete batch plants (include all grandfathered equipment.)

Various associated support equipment such as conveyors, loaders, dozers, water pumps, water trucks, haul trucks, and service trucks do not need to be listed individually.

- Applicable Federal standards:
- NSPS Subpart OOO applies to non-metallic mineral processing facilities. This regulation applies to aggregate processing equipment that was constructed, modified, or reconstructed* after August 31, 1983.
 - NSPS Subpart I applies to hot mix asphalt facilities. This regulation applies to all asphalt batch plants that were constructed, modified, or reconstructed* after June 11, 1973.
 - NSPS Subpart JJJJ applies to stationary spark ignition combustion engines
 - NSPS Subpart IIII applies to stationary compression ignition internal combustion engines.
 - MACT Subpart ZZZZ applies to stationary reciprocating internal combustion engines
 - There are currently no applicable Federal standards for concrete batch plants.

★ See 40 CFR 60 (Code of Federal Regulations, Title 40, Part 60) for definitions of construction, modification, and reconstruction.

Instructions

This form is used to register all portable equipment. Please provide the following information:

1. Name of person the Division of Air Quality (DAQ) should contact concerning this form.
2. Name and address of company.
3. Fill in the indicated information for each piece of equipment. If the equipment has not been inspected, started up, or tested, leave the dates blank. Attach additional sheets if needed.
