Overview of recent compliance action

Status Reports and Upcoming Issues

- New date for the Performance Assessment submission
- Currently in comment: 2 items with DSHW (1) additional leachate storage tanks; (2) contingency plan revisions. Comment period for both closes in early/mid April.
- Recently approved
 - o by DSHW: annual surety update, revised groundwater monitoring network, thermal desorption final permitting.
 - o by DAQ: revision to our air approval order to add dust control equipment to our cement batch plant.
- Pending
 - o Comment period for minor changes to RML and GW permit – revising environmental monitoring plan and removing gross alpha as a groundwater monitoring parameter.
