Subject: Inspection of Two Intermountain Power Agency Class IIIb Landfills

Dear Mr. Cross:

The Class IIIb Landfills at Intermountain Power Service Corporation were inspected by Matt Sullivan of the Division of Solid and Hazardous Waste and Wade Tolbert of the Central Public Utah Health Department on October 29, 2008. We appreciate the assistance and cooperation of Mr. Blaine Ipson and Ron Westlund during the inspections.

The landfills were well operated and determined to be in compliance with the permit requirements evaluated during the inspection, as noted in the attached checklist. Required solid waste documents were reviewed and found to be very thorough, comprehensive, and in compliance. We commend your landfill staff operators, and Mr. Westlund and Mr. Ipson for the conscientious efforts made in the landfill management and excellent record keeping.

Should you have any questions related to these matters, please call our office and speak with Matt Sullivan or Ralph Bohn at (801)-538-6170.

Sincerely,
