RE: Utah Radioactive Materials License Number UT 0900480

Dear Director Anderson:

This letter is in response to your letter dated May 3, 2018 regarding changes that need to be made to the License Renewal Application for the License referenced above. In that letter you had requested that changes be made and submitted by May 31, 2018. We have spoken with Heather Mickelson about the possibility of getting an extension on that deadline. She indicated that we should make a written request to the Division. Therefore, we would request a 60-day extension to correct and submit the required information.

Should you have any questions regarding this matter, please contact me at (480) 577-5039 or email me at josh.bleak@gmail.com.

Sincerely,
