STATE OF UTAH PERMIT

September 21, 2017

PERMITTEE:

Chevron Products Company, Salt Lake Refinery
Davis County, Utah
EPA Identification Number UTD092029768

Pursuant to the Utah Solid and Hazardous Waste Act, 19-6-101, et. seq., Utah Code Annotated 1953, as amended, and the regulations promulgated by the Utah Waste Management and Radiation Control Board, codified in the Utah Administrative Code R315, and pursuant to the Solid Waste Disposal Act, 42 U.S.C. 3251 et. seq., as amended by the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901 et. seq., and the Hazardous and Solid Waste Amendments of 1984 (HSWA), a permit is issued to the Chevron Products Company, Salt Lake Refinery (herein after called the "Permittee"), for post-closure care and corrective action at the Chevron Products Company, Salt Lake Refinery, Davis County, Utah, including, but not limited to, the Reservoir Waste Management Area, the Landfill Waste Management Area, and the Groundwater Management Area.

The Permittee shall comply with all the terms and conditions of this permit. The permit consists of Modules I through VI and Attachments 1 through 3. The Permittee must comply with all applicable State regulations including R315-260 through R315-266, R315-124, R315-268, R315-270, R315-273, and R315-101 of the Utah Administrative Code.

Applicable rules are those that are in effect on the date of issuance of this permit and any self-implementing provisions and related rules that, according to the requirements of HSWA, are automatically applicable to the Permittee's hazardous waste management activities, notwithstanding the conditions of this permit.

This permit is based upon the premise that information submitted in the original 1997 permit application, as modified by subsequent amendments and permit modification requests received throughout the term of the original permit; the 2007 permit renewal application, as modified by subsequent amendments and permit modification requests received throughout the term of the permit; and the permit renewal application dated March 2, 2017, is accurate. The Permittee's failure in the application or during the permit issuance process to disclose fully all relevant facts, or the Permittee's misrepresentation of any relevant facts at any time, shall be grounds for the termination or modification of this permit, the initiation of an enforcement action, including criminal proceedings, or any combination of these remedies. The Permittee shall inform the Director of the Division of Waste Management and Radiation Control (Director) of any deviation from the permit conditions or changes in the information on which the application is based which would affect the Permittee's ability to comply with the terms or conditions of this permit. The Director shall enforce all conditions of this permit which are designated in this permit as State requirements. Any challenges to any condition of this permit shall be appealed pursuant to R305-7 of the Utah Administrative Code and Utah Code Section 19-1-301.5.

This permit is effective as of September 21, 2017, and shall remain in effect until September 21, 2027, unless revoked and reissued pursuant to R315-270-41, terminated pursuant to R315-270-43, or continued in accordance with R315-270-51 and the conditions of the permit.
