RE: Radioactive Material License Renewal Number UT 1900479, Amendment 8

Dear Mr. Frydenlund:

Please find enclosed the reissued Amendment 8 (Renewal) of Utah Radioactive Material License (RML) UT1900479. The reference to Rev 5.1 of the White Mesa Uranium Mill Reclamation and Decommission Plan in License Condition 13.1.AA was changed to Rev 5.1B. No other changes to the RML were made and the changes to Rev 5.1B were considered and approved as part of the RML renewal. Due to this correction, I have resigned the RML and the new issue date for the entire package will be February 16, 2018.

If you have any questions, please call Phil Goble at (801) 536-4044.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott T. Anderson", enclosed within a large, loopy blue oval.

Scott T. Anderson, Director
Division of Waste Management and Radiation Control
