Notice of Franklin Hill Class I Regional Landfill Permit Issuance

Moulding Investments submitted a solid waste permit application, dated April 18, 2014 to the Division of Waste Management and Radiation Control (the Division) to construct and operate the Franklin Hill Class I Regional Landfill. The Division has reviewed the application, determined it to be complete on July 17, 2017 and prepared a draft permit. A 30-day public comment period on the draft permit began on September 6, 2017 with publication of a notice in the Box Elder News Journal, The Salt Lake Tribune and Deseret News. A public hearing on the draft permit was held on October 3, 2017 at the Box Elder County Courthouse in Tremonton, Utah. Public comments were received during the public hearing, by mail and email. Additionally, Reply comments and Sur-reply comments were requested by the Director from Moulding Investments and specific commenters concerning issues related to management of the greater sage-grouse. A Statement of Basis has been prepared by the Director that includes a response to comments received regarding this permit.

The Permit (#1402) was issued on December 18, 2019 and expires on December 17, 2029. A description of the facility with links to the permit, permit application, public notice, public comments and the Division's response to comments can be viewed at:
