Pursuant to the Utah Solid and Hazardous Waste Act, 19-6-101, et. seq., Utah Code 1953, as amended, applicable regulations codified in the Utah Administrative Code R315, the Solid Waste Disposal Act, 42 U.S.C. 3251, et. seq., as amended by the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901 et. seq., and the Hazardous and Solid Waste Amendments of 1984 (HSWA), a permit is issued to Hill Air Force Base, Clearfield, Utah (hereafter called the Permittee), to operate a hazardous waste storage facility located at Township 4 North, Range 2 West, Section 1, in Davis County, Utah.

The Permittee shall comply with all the terms and conditions of this Permit. The Permit consists of Modules I through IV and Attachments 1 through 9. The Permittee shall also comply with all applicable State rules, including R305-7, R315-101, R315-103, R315-124, R315-260 through R315-266, R315-268, R315-270, and R315-273 of the Utah Administrative Code.

Applicable rules are those that are in effect on the date of issuance of this Permit and any self-implementing provisions and related rules that, according to the requirements of HSWA, are automatically applicable to the Permittee's hazardous waste management activities, notwithstanding the conditions of this Permit.

This Permit is based on the premise that the information submitted in the original permit application, as modified by subsequent amendments, permit modification requests received throughout the term of the original permit, and the permit renewal application, as modified by subsequent amendments, is accurate. The Permittee's failure in the application or during the permit issuance process to disclose fully all relevant facts, or the Permittee's misrepresentation of any relevant facts at any time, may be cause for the termination or modification of this permit, the initiation of enforcement action, including criminal proceedings, or any combination of these remedies. The Permittee shall inform the Director of the Division of Waste Management and Radiation Control of any deviation from or changes to the information on which the application was based which would affect the Permittee's ability to comply with the terms and conditions of this permit. The Director will enforce all terms and conditions of this permit. Any challenges to any condition of this permit shall be appealed to the Utah Waste Management and Radiation Control Board in accordance with the applicable provisions of the Utah Code.

This permit is effective as of September 30, 2020, and shall remain in effect until September 30, 2030, unless revoked and reissued pursuant to R315-270-41 UAC, terminated pursuant to R315-270-43 UAC, or continued in accordance with R315-270-51 UAC and the conditions of this permit.
