**Notice of Public Comment
Wasatch Steel/WBH Enterprises**

The Director of the Division of Waste Management and Radiation Control (DWMRC) invites comment from the public regarding a Site Management Plan (SMP) for Wasatch Steel/WBH Enterprises located at 243 West 3300 South, Salt Lake City, Utah. The Wasatch Steel property is used for storage and sale of steel products. Groundwater and soil samples collected at the facility indicate the Wasatch Steel property meets the industrial use criteria of Utah Administrative Code (UCA) R315-101. Because the site does not qualify for residential use, an SMP is needed to track soil use and soil removal at the site. Groundwater monitoring is not required.

The 30-day public comment period for the SMP begins October 10, 2019 and ends November 11, 2019. A public hearing may be held if, within 15 days of publication of this notice, a request is made to the Director in writing which meets the requirements of UAC R315-311-3.

The SMP can be reviewed at the following location:

Division of Waste Management and Radiation Control
Multi Agency State Office Building
195 North 1950 West, 2nd Floor
Salt Lake City, Utah

For public convenience, an unofficial copy of the SMP is available on the Internet at ["http://www.deq.utah.gov/NewsNotices/notices/waste/index.htm"](http://www.deq.utah.gov/NewsNotices/notices/waste/index.htm)

Written comments will be accepted if received by 5:00 p.m. on November 11, 2019 and should be submitted to the address below. Comments can also be hand delivered to the address above and must be received by 5:00 p.m. on November 11, 2019.

Ty L. Howard, Director
Division of Waste Management and Radiation Control

Comments can also be sent by email to: "dwmrcpublic@utah.gov". Comments sent in electronic format should be identified by putting the following in the subject line: Public comment on Wasatch Steel SMP. All attached documents should be submitted as ASCII (text) files or in pdf format.

Under Utah Code Section 19-1-30.5, a person who wishes to challenge a decision may only raise an issue or argument during an adjudicatory proceeding that was raised during the comment period and was supported by sufficient information to documentation to allow the Director to fully consider the substance and significance of the issue.
