ATK Launch Systems Promontory – Hazardous Waste Storage and Treatment Permit Renewal
UTD009081357

The Director of the Division of Waste Management and Radiation Control is seeking public comment on an application from ATK Launch Systems, Promontory to renew its Hazardous Waste Storage and Treatment Permit. The permit application has been reviewed by Division staff and a draft permit has been prepared.

The primary manufacturing operations at ATK Launch Systems include the production and testing of solid rocket motor propellant and the assembly of motor components and segments. The Permit directs the management of hazardous waste storage and treatment operations at the Promontory facility. Hazardous waste, as defined by R315-261 of the Utah Administrative Code, is generated and stored at the facility in containers prior to being shipped off-site for treatment and/or disposal. Reactive hazardous waste is treated on-site at the facility by open burning, open detonation or oxidizer leaching. The Permit also includes requirements for closure of waste management facilities and financial assurance.

The public comment period on the draft permit will begin on July 26, 2019 and end on September 9, 2019. A public hearing has been scheduled for 6:00 p.m. on Tuesday, August 22nd, 2019 at the Brigham City Public Library, located at 26 East Forest Street, Brigham City, Utah 84302.

The draft permit and associated fact sheet are available for review during the public comment period at the following location:

Division of Waste Management and Radiation Control
Multi Agency State Office Building
195 North 1950 West, 2nd Floor
Salt Lake City, Utah

For the public's convenience, an unofficial copy of the Permit application is available on the Internet at "<https://deq.utah.gov/waste-management-and-radiation-control/waste-management-radiation-control-public-notices>".

Written comments will be accepted if received by 5:00 p.m. on September 9, 2019 and should be submitted to the address below. Comments can also be hand delivered to the Division address above and must be received by 5:00 p.m. on September 9, 2019.

Ty Howard, Director
Division of Waste Management and Radiation Control
Department of Environmental Quality
P.O. Box 144880
Salt Lake City, Utah 84114-4880

Comments can also be sent by electronic mail to "dwmrcpublic@utah.gov". Comments sent in electronic format should be identified by putting the following in the subject line: public comment on ATK Launch Systems, Promontory Draft Permit. All documents included in comments should be submitted as ASCII (text) files or in pdf format.

Under Utah Code Section 19-1-301.5, a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the Director to fully consider the substance and significance of the issue.

For further information, contact Jeff Vandel of the Division of Waste Management and Radiation Control at (801) 536-0257. In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Kimberly Diamond-Smith, Office of Human Resources at (801) 536-4285, Telecommunications Relay Service 711, or by email

at "kdiamondsmith@utah.gov".
