Site Management Plan

The Director of the Division of Waste Management and Radiation Control is seeking public comment on a Site Management Plan for the former PAX Facility located at 580 West 1300 South, Salt Lake City, Utah.

Prior activities at the site have impacted the soil and groundwater. An environmental response activity has been completed at the site. However, the Site Management Plan will require land use and groundwater use restrictions to manage risk at the site due to the presence of residual contamination.

The public comment period to receive comments on the Site Management Plan will commence on February 20, 2017 and end on March 21, 2017. Documents related to this Site Management Plan can be reviewed at the following location:

Division of Waste Management and Radiation Control

For the public's convenience, an unofficial copy of the Site Management Plan is available on the Internet at <http://www.deq.utah.gov/NewsNotices/notices/waste/index.htm#phacp>
