A copy of the post-closure plan and the appropriate monitoring records will be maintained in Houston, Texas and at the Division of Waste Management and Radiation Control on the 2nd floor of the Multi-Agency State Office Building, 195 North 1950 West, Salt Lake City. Should changes in personnel require a change in the company contact, the Division will be so notified and the permit modified pursuant to Condition I.D.

2.0 SECURITY

Access to the Waste Disposal Cell is controlled through a fence and gates. A chain link fence will be maintained along the perimeter of the Waste Disposal Cell. The wire fence will display warning signs every 100 feet along the perimeter of the fence. These warning signs shall be

legible at a distance of 100 feet and will display “**Danger - Unauthorized Personnel Keep Out.**” Security at the site will be maintained by during the post-closure period.

The gates to the former Pennzoil refinery site will be locked all the time if no personnel duly authorized by the Permittees are present on site.
