Re: Notice of Intent
Class V Landfill Permit Application
Promontory Point Landfill
18900 W. East Promontory Road
Promontory, Utah 89307

To whom it may concern:

Promontory Point Landfill is a permitted Class I landfill located on southern Promontory Point at the address referenced above. The current Class I permit allows for the acceptance of municipal solid waste, commercial waste, industrial waste, construction and demolition waste, special waste, and other conditionally exempt waste from under contract with local Utah governments. The facility will not accept RCRA hazardous waste. **There will be no change in the types of waste accepted.**

You are being provided, as specified by law, with this notice that Promontory Point Resources intends to submit an application for a Class V permit.

Sincerely,

Promontory Point Resources, LLC
