**NOTICE OF PUBLIC COMMENT**  
Sunroc Facility  
Draft Site Management Plan

The Director of the Division of Waste Management and Radiation Control is seeking public comment on a draft Site Management Plan for the Sunroc Facility located at 520 South 800 West Lindon, Utah.

Prior activities at the site have resulted in soils being contaminated with arsenic metal. No contaminated soil has been removed because asphalt covers the entire site. The draft Site Management Plan restricts land use to industrial and commercial only and includes controls to mitigate any risk due to the presence of arsenic in soil.

The public comment period to receive comments on the draft Site Management Plan will begin March 10, 2017 and end April 10, 2017. Documents related to this draft Site Management Plan can be reviewed at the following location:

Division of Waste Management and Radiation Control  
Multi Agency State Office Building  
195 North 1950 West, 2nd Floor  
Salt Lake City, Utah

For the public's convenience, an unofficial copy of the draft Site Management Plan is available on the Internet at <http://www.deq.utah.gov/NewsNotices/notices/waste/index.htm#phacp>

Written comments will be accepted if received by 5:00 p.m., on April 10, 2017 and should be submitted to the address below. Comments can also be hand delivered to the Division address above and must be received by 5:00 p.m. on April 10, 2017.

Scott T. Anderson, Director  
Division of Waste Management and Radiation Control  
Department of Environmental Quality  
P.O. Box 144880  
Salt Lake City, Utah 84114-4880

Comments can also be sent by electronic mail to: [swpublic@utah.gov](mailto:swpublic@utah.gov). Comments sent in electronic format should be identified by putting the following in the subject line: public comment on Sunroc Facility Site Management Plan. All documents included in comments should be submitted as ASCII (text) files or in pdf format.

Under Utah Code Section 19-1-301.5, a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the Director to fully consider the substance and significance of the issue.

For further information, please contact Eric Baiden of the Division of Waste Management and Radiation Control at (801) 536-0216. In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Larene Wyss, Office of Human Resources at (801) 536-4281, TDD (801) 536-4284 or by email at [lwyss@utah.gov](mailto:lwyss@utah.gov)
