NOTICE OF PUBLIC COMMENT
PERMIT MODIFICATION
WASATCH REGIONAL LANDFILL

Wasatch Regional Landfill Inc. and the State of Utah School and Institutional Trust Lands Administration have asked for a permit modification for their Class V landfill located on the west side of County Road #128 approximately six miles north of Interstate 80 in Tooele County. This modification allows the facility to construct a solidification unit which will separate solids from the liquid wastes accepted at the landfill and for the solidification of the liquid wastes prior to disposal in the landfill. The area of the solidification facility will cover approximately 1.0 acre.

The proposed permit modification for the Solidification Facility Design has been reviewed and determined to be complete and is in compliance with the Utah Solid Waste Permitting and Management Rules. The public comment period for the proposed modification begins on August 23, 2017 and will end September 22, 2017. Documents related to this modification can be reviewed at the following locations:
