

Craig Jorgensen May 2023

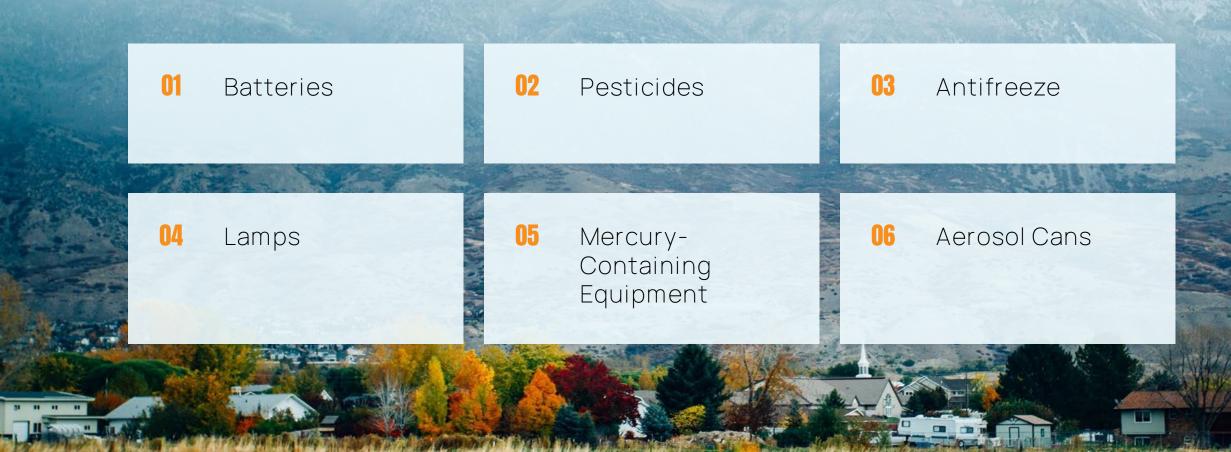

Universal Waste Rules are Alternative Management Practices for Specific Hazardous Wastes

- Not counted in total monthly hazardous waste
- Container must be closed and labeled
- Cannot be accumulated onsite for over one year;

## R315-273-1 Universal Waste Categories

## Universal Waste-Batteries

#### **UW** Batteries

- Provides Definition of Battery
- Spent Lead Acid Batteries
- Does Not Apply to Batteries That
  Are Not Yet a Hazardous Waste
- Managed to Prevent Releases

#### Labeling

Individual Batteries or Containers of Batteries Must be Labeled:

- Universal Waste-Battery(ies)
- Waste Battery (ies)
- Used Battery (ies)

## Universal Waste-Batteries

## Activities Allowed Under the Rule

- Removal of Electrolyte
- Sorting by Type and Mixing in Containers
- Removing Electrical Charge (Discharging)
- Regenerating
- Disassembling
- Removing from Consumer Products

## Universal Waste-Batteries

## Universal Waste-Lamps

#### UW Lamps

- Defines Lamps
- Defines Drum-top Lamp Crusher
- Does Not Apply to Lamps Not a Waste or Hazardous Waste
- Managed to Prevent Releases
- Crushed Lamps Managed as Universal Waste

## Labeling

Individual Lamps or Containers or Packages of Lamps Must be Labeled:

- Universal Waste-Lamp(s)
- Waste Lamp(s)
- Used Lamp(s)

## Universal Waste-Lamp Crushers

#### Utah-Specific Requirement

- Lamp Crushing is generally discouraged
- Registration Required
  - Application Form
    - Multiple regulated operating conditions
    - Additional Employee Training
    - Additional record keeping
    - Must establish a closure plan
    - Must establish financial assurance R315-261-143(a) through (e)

## Universal Waste-Lamps

## Universal Waste-Aerosol Cans

#### UW Aerosol Cans

- Defines Aerosol Can
- Does Not Apply to Aerosol Cans
  Not a Waste or Hazardous Waste
- Managed to Prevent Releases

## Labeling

- Individual Cans or Containers of
  Cans Must be Labeled
- Universal Waste-Aerosol Can(s)
- Waste Aerosol Can(s)

## Universal Waste-Aerosol Cans

## Disposal Procedures

- Aerosol Cans may be Punctured
  - Manner Designed to Prevent Release
  - Written Procedures
  - Spill Kit Available
  - o Can Contents Transferred to Proper Container
  - Area Well Ventilated
  - Employees Trained
- Manage Generated Waste Properly

## Universal Waste-Aerosol Cans

## Universal Waste-Mercury-Containing Equipment

## UW-Mercury-Containing Equipment

- Defines Mercury-Containing Equipment
- Defines Thermostat
- Does Not Apply to Mercury-Containing Equipment Not a Waste or Hazardous Waste
- Does Not Apply to Devices Where Mercury-Containing
  Components Have Been Removed

## Universal Waste-Mercury-Containing Equipment

## Labeling

- Each Device or Containers of Devices Must be Labeled
  - Universal Waste-Mercury Containing Equipment
  - Waste Mercury-Containing Equipment
  - Used Mercury-Containing Equipment
  - Each Thermostat or Containers of Only Thermostats Must be Labeled
    - Universal Waste-Mercury Thermostat(s)
    - Waste Mercury Thermostat(s)
    - Used Mercury Thermostat(s)

## Universal Waste-Mercury-Containing Equipment

## UW-Mercury-Containing Equipment

- Managed to Prevent Releases
- Ampules may be Removed Under Certain Conditions
- Devices Without Ampules Must be Sealed
- Waste Generated from Removal Activities Must be
  Managed Appropriately

## Universal Waste-Mercury-Containing Equipment

## Universal Waste-Antifreeze

#### UW Antifreeze

- Utah Specific Rule
- Defines Antifreeze
- Does Not Apply to Antifreeze Not a Waste or Hazardous Waste
- Managed to Prevent Releases

## Labeling

- Containers Tanks, Transport
  Vehicles or Vessels Containing
  Antifreeze Must be Labeled
  - Universal Waste-Antifreeze

## Universal Waste-Antifreeze

## Universal Waste-Pesticides

#### **UW Pesticides**

- Defines Pesticides
- Recalled or Unused Pesticides
- Does not Apply to PesticidesDisposed by Farmers
- Does Not Apply to Pesticides Not a
  Waste or Hazardous Waste
- Managed to Prevent Releases

#### Labeling

- Containers or Multiple Container
  Packages, Tanks, Transport Vehicles
  or Vessels Containing Pesticides
  Must be Labeled
  - Label That Was on or
    Accompanied the Product
  - Universal Waste-Pesticide(s)
  - Waste-Pesticide(s)

# Managing Waste Electronics

Craig Jorgensen May 2023

## Waste Determination

First Determine if material is a solid waste, then

Determine if solid waste is hazardous waste

Speculative Accumulation (R315-261-1(C)(8))

Material is Viably Recyclable.

75% of material recycled within Calendar year.

# Scrap Metal

R315-261-4(a)(13)

Scrap Metal Exclusion

Excluded scrap metal: Scrap metal is processed scrap metal, unprocessed home scrap metal, and unprocessed prompt scrap metal.

R315-261-4(a)(13)

Scrap Metal Exclusion

Excluded scrap metal (processed scrap metal, unprocessed home scrap metal, and unprocessed prompt scrap metal) being recycled is not a solid waste

R315-261-6(a)(3)(ii)

Exempt Scrap Metal

definition of solid waste is

	Use Constituting Disposal 261-2(C)(1)	Energy recovery/ fuel 261-2(C)(2)	Reclamation 261-2(C) (3) except as provided in 261-4- (a) (17) 261-4(a) (23) 261-4(a) (24) or 261-4(a) (27)	Speculative accumulation 261-2(C)(4)
Spent Materials	Solid Waste	Solid Waste	Solid Waste	Solid Waste
Sludges (listed in 261-31 or 261-32)	Solid Waste	Solid Waste	Solid Waste	Solid Waste
Sludges exhibiting a characteristic of hazardous waste	Solid Waste	Solid Waste	NOT A SOLID WASTE	Solid Waste
By-products (listed in 261-31 or 261-32	Solid Waste	Solid Waste	Solid Waste	Solid Waste
By-products exhibiting a characteristic of hazardous waste	Solid Waste	Solid Waste	NOT A SOLID WASTE	Solid Waste
Commercial chemical products listed in 261-33	Solid Waste	Solid Waste	NOT A SOLID WASTE	NOT A SOLID WASTE
Scrap metal that is not excluded under 261-4(a) (13)	Solid Waste	Solid Waste	Solid Waste	Solid Waste

## Circuit Boards

#### Whole-Unused

Whole, unused circuit boards are off-specification commercial products and not solid waste if sent for recycling/reclamation (see Solid Waste table)

#### Whole-Used

Whole, used circuit boards meet the definition of scrap metal and are exempt from RCRA hazardous waste rules under R315-261-6(a)(3)(ii) if recycled.

#### Used Equipment

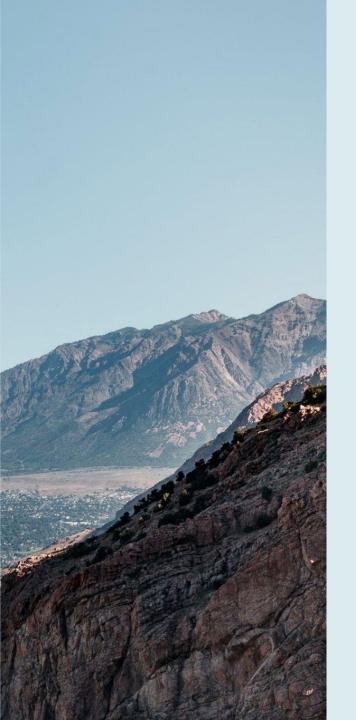

Used circuit boards and equipment containing used circuit boards are solid waste but are not hazardous waste if they are recycled.

#### Shredded

Shredded circuit boards being recycled are not solid waste provided that they are:

- Stored in containers sufficient to prevent a release to the environment prior to recovery
- Free of mercury switches, mercury relays and nickel-cadmium batteries and lithium batteries.

# Used Cathode Ray Tubes (CRTs) R315-261-4(a)(22)

- Used, intact CRTs that are not disposed of or speculatively accumulated are not solid waste
- Used, intact CRTs that are exported for recycling are not solid waste provided they meet certain requirements; R315-261-40
- Used, broken CRTs and glass removed from CRTs are not solid waste provided that they meet certain storage, segregation, labeling and other requirements R315-261-39

For More Information on Cathode Ray Tubes, visit:

https://www.epa.gov/hw/cathode-ray-tubes-crts-0

# In Summary

- 1. Electronic waste containing circuit boards, if recycled and not shredded by the generator are not hazardous waste
- Intact CRTs that are sent for recycling are not solid waste and no requirements apply to the generator unless the generator exports the CRTs
- 3. Broken CRTs are subject to storage and labeling requirements
