#### NOTICE OF PUBLIC COMMENT ON

Clean Harbors Aragonite – Class 3 Modification Request Addition of a Shredder Tower to the Facility UTD981552177

On April 19, 2019, Clean Harbors Aragonite submitted a Class 3 permit modification request seeking approval to construct and operate a shredder tower at the Clean Harbors hazardous waste incineration facility located at Aragonite in Tooele County, Utah.

The proposed shredder system would be capable of shredding and feeding to the incinerator, a variety of wastes that arrive at the facility in containers. The modification request also includes additional container storage capacity at the facility for staging waste container feed to the shredder. The proposal to add a shredder tower at the Clean Harbors Aragonite facility will not increase the facility's incineration feed limits.

The Clean Harbors Aragonite facility is a commercial hazardous waste incinerator that has a State of Utah hazardous waste permit to manage a wide variety of wastes including hazardous wastes, PCBs, industrial wastes, and infectious wastes. The facility is designed to handle high and low BTU liquid wastes, sludges, bulk solids, compressed gas cylinders and containerized wastes. Supporting permitted waste storage at the facility includes bulk liquids, bulk solids, and containers. The facility is located 2.5 miles south of I-80 at the Aragonite exit (Exit #56).

The Division of Waste Management and Radiation Control has reviewed the request to add a shredder tower to the Clean Harbors Aragonite facility and has determined the request to be complete and containing sufficient information to issue a draft approval. A draft approval authorizing the necessary construction and incorporating the shredder tower into the Clean Harbors Aragonite hazardous waste permit has been issued and is available for review during the public comment period.

The public comment period to receive comments on the draft decision to approve incorporation of a shredder tower into the Clean Harbors Aragonite permit will commence on March 20, 2020, and end on May 4, 2020. A public hearing has been scheduled at 6:00 p.m. on Wednesday, April 22, 2020, in the Community Room, Grantsville City Library, 42 North Bowery Street, Grantsville, Utah.

Draft changes to incorporate a shredder tower into the Clean Harbors Aragonite hazardous waste permit can be reviewed at the following location:

Division of Waste Management and Radiation Control Multi Agency State Office Building 195 North 1950 West, 2nd Floor Salt Lake City, Utah 84116

For the public's convenience, a copy of the draft changes to the Clean Harbors Aragonite permit is also available on the Internet at "https://deq.utah.gov/waste-management-adiation-control/waste-management-radiation-control-public-notices".

Written comments will be accepted if received by 5:00 p.m. on May 4, 2020, and should be submitted to the address below. Comments can also be hand delivered to the Division address above and must be received by 5:00 p.m. on May 4, 2020.

Ty L. Howard, Director Division of Waste Management and Radiation Control Department of Environmental Quality P.O. Box 144880 Salt Lake City, Utah 84114-4880

Comments can also be sent by electronic mail to: "dwmrcpublic@utah.gov". Comments sent in electronic format should be identified by putting the following in the subject line: Public Comment on Clean Harbors Aragonite Shredder Tower. All documents included in comments should be submitted as ASCII (text) files or in pdf format.

Under Utah Code Section 19-1-301.5 a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the director to fully consider the substance and significance of the issue.
