UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY
DIVISION OF WASTE MANAGEMENT AND RADIATION CONTROL
NOTICE OF PUBLIC COMMENT ON
Clean Harbors Aragonite – Class 3 Modification Request
Authorization to Accept and Manage Class 1.3G Explosive Wastes
UTD9981552177

On August 28, 2019, Clean Harbors Aragonite submitted a Class 3 permit modification request seeking approval to accept and manage Class 1.3G explosives at the Clean Harbors hazardous waste incineration facility located at Aragonite in Tooele County, Utah.

Currently, Class 1.3 explosives are prohibited from being accepted and managed at the Aragonite facility. Class 1.3G explosives include display fireworks, smoke grenades, and flares. In the modification request, Aragonite proposes to treat incoming shipments of Class 1.3G explosives as live offloads meaning shipments will be scheduled in order to offload, evaluate for acceptance, accept, break pallets down if accepted, and stage for incineration, with incineration commencing within 48 hours of shipment receipt. Clean Harbors indicated in the modification request that storage of incoming shipments of Class 1.3G wastes would not normally occur unless the initial processing of the incoming shipment is interrupted and delayed for more than 24 hours. In the event an incoming shipment of Class 1.3G wastes requires storage, the modification request includes the addition of three, Bureau of Alcohol, Tobacco, Firearms, and Explosives compliant storage magazines, each with a capacity of 30,000 pounds that will be used to store the wastes until processing and incineration can be rescheduled. The proposal to add Class 1.3G explosives to the list of acceptable wastes managed under the permit at the Clean Harbors Aragonite facility will not increase the facility's incineration feed rate limits.

The Clean Harbors Aragonite facility is a commercial hazardous waste incinerator that has a state of Utah hazardous waste permit to manage a wide variety of wastes including hazardous wastes, PCBs, industrial wastes, and infectious wastes. The facility is designed to handle high and low BTU liquid wastes, sludges, bulk solids, compressed gas cylinders and containerized wastes. Supporting permitted waste storage at the facility includes bulk liquids, bulk solids, and containers. The facility is located 2.5 miles south of I-80 at the Aragonite exit (Exit #56).

The Division of Waste Management and Radiation Control has reviewed the request to add acceptance and management of Class 1.3G explosives at the Clean Harbors Aragonite facility and has determined the request to be complete and containing sufficient information to issue a draft approval. A draft approval outlining the changes to the Clean Harbors Aragonite hazardous waste permit authorizing the acceptance and management of Class 1.3G explosives at the facility has been drafted and is available for review during the public comment period.

A 45-day public comment period to receive comments on the draft decision to authorize acceptance and management of Class 1.3G explosive wastes at the Aragonite facility will commence on July 21, 2021, and end at 5:00 p.m. on September 3, 2021. A public hearing has been scheduled at 7:00 p.m. on Wednesday, August 25, 2021, in Room 1015 of the Multi-Agency State Office Building, 195 North 1950 West, Salt Lake City, Utah. This public hearing can also be accessed virtually via Google Meet. Google Meet joining info: Video call link: <https://meet.google.com/whq-afdt-izi> Or dial: (US) +1 252-689-8607 PIN: 420 706 295#.

Documents related to this permit modification request and draft approval can be reviewed at the Division of Waste Management and Radiation Control Public Notices web site at <https://deq.utah.gov/waste-management-and-radiation-control/waste-management-radiation-control-public-notice>

If further information or assistance in obtaining a copy of documents is required, contact Boyd Swenson at (801) 536-0232.

Written comments will be accepted if received by 5:00 p.m. on September 3, 2021. Written comments must be directed to the following address:

Douglas J. Hansen, Director
Division of Waste Management and Radiation Control
Department of Environmental Quality
P.O. Box 144880
Salt Lake City, UT 84114-4880

Comments can also be submitted electronically by email to: dwmrcpublic@utah.gov. Comments submitted by email must be identified using the following in the subject line: "Public comment on Aragonite 1.3G Wastes". All documents included in comments must be submitted in pdf format or as ASCII (text) files.

Under Utah Code Section 19-1-301.5 a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the director to fully consider the substance and significance of the issue.

In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Larene Wyss, Office of Human Resources at (801) 536-4284, Telecommunications Relay Service 711, or by email at lwyss@utah.gov.

NOTICE

The Director of the Utah Division of Waste Management and Radiation Control is soliciting comments on a draft approval to authorize acceptance and management of Class 1.3G explosive wastes at the Clean Harbors Aragonite hazardous waste incineration facility at Aragonite, Tooele County, Utah.

A public hearing on the draft approval will be held on August 25, 2021, at 7:00 p.m. in Room 1015 of the Multi-Agency State Office Building, 195 North 1950 West, Salt Lake City, Utah.

A public comment period on the draft approval will begin on July 21, 2021, and end on September 3, 2021. A copy of the draft approval is available for review at the Multi Agency State Office Building, 2nd Floor, 195 North 1950 West, Salt Lake City, Utah and on our webpage at deq.utah.gov.

For further information, contact Boyd Swenson of the Division of Waste Management and Radiation Control at (801) 536-0232. In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Larene Wyss, Office of Human Resources at (801) 536-4284, Telecommunications Relay Service 711, or by email at [lwyss@ utah.gov](mailto:lwyss@utah.gov).

CERTIFICATION OF MASS MAILING

Facility: Clean Harbors Aragonite, Class 3 Modification Request

Mail Notification Activity

1. Clean Harbors Aragonite, Class 3 Modification Request to Add Acceptance and Management of Class 1.3G Explosive Wastes to the Facility Permit – 45-day Comment Period and Public Hearing

I Wendy Askee, certify that the attached DWMRC mass mail notification was sent to the Clean Harbors Aragonite facility mailing list by email and U.S. Postal service on July 13, 2021 in accordance with applicable rules in R315-15 and 124 through 273.

Enclosure: Email and Mail list

NOTICE

Clean Harbors Aragonite Class 3 Modification to Accept and Manage Class 1.3G Explosives UTD981552177

Proposed action	<p>A draft approval has been issued proposing to modify the Clean Harbors Aragonite permit to allow the facility to accept and manage Class 1.3G explosive wastes at the Clean Harbors commercial hazardous waste incineration facility at Aragonite, Tooele County, Utah. A Class 3 permit modification request seeking this approval was submitted to the Utah Division of Waste Management and Radiation Control on August 28, 2019.</p>
When is the public hearing?	<p>A public hearing has been scheduled at 7:00 p.m. on Wednesday, August 25, 2021, in Room 1015 of the Multi-Agency State Office Building, 195 North 1950 West, Salt Lake City, Utah. This public hearing can also be accessed virtually via Google Meet.</p> <p>Google Meet joining info: Video call link: https://meet.google.com/whq-afdt-izi Or dial: (US) +1 252-689-8607 PIN: 420 706 295# More phone numbers: https://tel.meet/whq-afdt-izi?pin=2716197943563.</p>
Who can I talk to about the proposed action?	<p>Please contact Boyd Swenson of the Division at (801) 536-0232 if you have any questions concerning this draft approval.</p>
How long is the public comment period?	<p>In accordance with R315-124-10(b) UAC, the public is allowed 45 days to review the draft approval and submit comments. The public comment period will begin on July 21, 2021 and will end on September 3, 2021.</p>
Where can I see the draft approval?	<p>Documents related to this draft permit modification approval can be reviewed at the Division of Waste Management and Radiation Control Public Notices web site at https://deq.utah.gov/waste-management-and-radiation-control/waste-management-radiation-control-public-notices. If further information or assistance in obtaining a copy of documents is required, contact Boyd Swenson at (801) 536-0232.</p>
How do I comment on the draft approval?	<p>Written comments will be accepted until 5:00 p.m. on September 3, 2021. Written comments must be directed to the following address:</p> <p>Douglas J. Hansen, Director Utah Division of Waste Management and Radiation Control P.O. Box 144880 Salt Lake City, Utah 84114-4880</p> <p>Comments can also be submitted electronically by email to: dwmrcpublic@utah.gov. Comments submitted by email must be identified using the following in the subject line: "Public comment on Aragonite 1.3G Wastes". All documents included in comments must be submitted in pdf format or as ASCII (text) files.</p> <p>Under Utah Code Section 19-1-301.5 a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the director to fully consider the substance and significance of the issue.</p>
