# NOTICE OF PUBLIC COMMENT ON

Safety-Kleen Systems, Inc. Class 3 Modification to Add an Additional Waste Storage Tank UTD980957088

Safety-Kleen Systems, Inc., Pioneer Road facility, submitted a Class 3 permit modification request on June 13, 2019, to the Utah Division of Waste Management and Radiation Control. The request seeks approval to convert an existing product storage tank to hazardous waste management and include the tank as a permitted storage tank for waste solvent under the current Safety-Kleen state of Utah hazardous waste permit.

The Safety-Kleen Pioneer Road facility provides solvent distribution, collection, and reclamation to companies primarily engaged in automobile repair and industrial maintenance services. The facility collects spent petroleum and aqueous solvents and paint wastes. All wastes brought into the facility are ultimately shipped off-site for recycling, treatment or disposal.

The Safety-Kleen facility, located at 1066 South Pioneer Road in Salt Lake City, Utah, has a state hazardous waste permit to store hazardous wastes in containers and in an existing 15,000-gallon storage tank.

The Division of Waste Management and Radiation Control has reviewed the request to add an additional waste storage tank to the Safety-Kleen permit and determined that the request is complete and contains sufficient information to issue a draft approval. A draft approval authorizing the necessary construction and incorporation of the tank into the Safety-Kleen hazardous waste permit has been issued and is available for review during the public comment period.

The public comment period to receive comments on the draft decision to add an additional waste storage tank to the Safety-Kleen permit will commence on January 7, 2020, and end on February 20, 2020. A public hearing has been scheduled at 5:00 p.m. on Thursday, February 13, 2020, in the Board Room, Room 1015 of the Multi Agency State Office Building, 195 North 1950 West, Salt Lake City, Utah, 84116.

Draft changes to incorporate an additional tank into the Safety-Kleen hazardous waste permit can be reviewed at the following location:

Division of Waste Management and Radiation Control Multi Agency State Office Building 195 North 1950 West, 2nd Floor Salt Lake City, Utah 84116

For the public's convenience, a copy of the draft changes to the Safety-Kleen permit is also available on the Internet at "https://deq.utah.gov/waste-management-and-radiation-control/waste-management-radiation-control-public-notices".

Written comments on the draft approval will be accepted if received by 5:00 p.m. on February 20, 2020, and should be submitted to the address below. Comments can also be hand delivered to the Division address above and must be received by 5:00 p.m. on February 20, 2020.
