

COMPLIANCE HISTORY

For

Hill Air Force Base

UT0571724350

Davis County, Utah

- ACTION: **Warning Letter (No. 2309098)** Inspection date August 1, 2023.
- ISSUES:
- Failure to properly label a container of hazardous waste with an indication of the hazard.
 - Failure to immediately transfer the hazardous waste from a bulging container to a container in good condition.
 - Failure to accurately record the location of each container in the Hazardous Waste Storage Facility (HWSF) in the Operating Record.
 - Discrepancy between a container in the HWSF and the container description in the inventory report.
- RESOLUTION: HAFB responded on September 28, 2023. A closeout letter was issued on October 11, 2023.
-
- ACTION: **Warning Letter (No. 2109001)** Inspection date August 3, 2021.
- ISSUES:
- Failure to properly label waste as hazardous or nonhazardous in the Hazardous Waste Storage Facility (HWSF).
 - Illegible labels on containers in the HWSF.
 - Failure to label waste in a 90-day accumulation area with an accumulation start date.
 - Failure to properly label waste as hazardous or nonhazardous in a satellite accumulation area.
 - Failure to specify training on a training roster.
- RESOLUTION: No formal resolution required.
-
- ACTION: **Warning Letter (No. 1908069)** Inspection date June 18, 2019.
- ISSUES:
- Failure to properly characterize waste.
 - Failure to place proper hazardous waste codes on manifest
- RESOLUTION: No formal resolution required.
-
- ACTION: **Warning with Closeout Letter (dated October 11, 2018)** Inspection date September 18, 2018.
- ISSUES:
- Failure to store ignitable materials and wastes only in the designated “flammable” storage areas as required by the permit.
- RESOLUTION: No formal resolution required. The container was moved to the appropriate storage area during the inspection.
-
- ACTION: **Warning with Closeout Letter (dated September 29, 2017)** Inspection date August 29, 2017.
- ISSUES:
- Failure to store used oil in a closed container.
 - Failure to label container used for storage of used oil.

RESOLUTION: No formal resolution required. The container issues were addressed the day of inspection.

ACTION: **Notice of Violation (No. 1201001)** Inspection date September 19, 2011.
ISSUES:

- Unauthorized storage of waste elemental mercury for longer than 90-days without a permit.
- Failing to report and clean up a spill of waste elemental mercury.
- Storing waste elemental mercury in unlabeled containers that were not in good condition.
- Failing to inspect containers of hazardous waste.

RESOLUTION: Stipulation and Consent Order (No. 1206006) and penalty paid of \$83,420

ACTION: **Notice of Violation (No. 0512043)** Inspection date September 29, 2005.

ISSUES:

- Failure to properly label containers of hazardous waste. • Failure to treat hazardous waste R315-1.10(a) • Used oil release not immediately cleaned up.
- Burning used oil not for energy recovery.

RESOLUTION: Stipulation and Consent Order (No. 0605021) and penalty paid of \$2,875

ACTION: **Warning Letter (No. 0511036)** Inspection date September 14, 2005.

ISSUES:

- Used oil – operation of used oil boiler for non-energy recovery process.

RESOLUTION: No formal resolution required.

ACTION: **Warning Letter (No. 0412042)** Inspection date September 20-28, 2004.

ISSUES:

- Four boxes of waste without proper labelling.
- Two drums of waste were over the 90-day generator storage limit.

RESOLUTION: No formal resolution required.

ACTION: **Warning Letter (No. 9905012)** Inspection date September 17-18, 1998.

ISSUES:

- Failure to maintain in a closed fashion three hazardous waste containers.

RESOLUTION: No formal resolution required.

ACTION: **Notice of Violation (No. 9309054)** Inspection date May 8-13, 1993.

ISSUES:

- Failure to make a hazardous waste determination on 600 lbs of waste.
- Offering for shipment hazardous waste to a transporter which did not have an EPA Identification Number.
- Failure to use an 'Uniform Hazardous Waste Manifest' when offering hazardous waste for transportation.
- Offering hazardous waste to an unpermitted treatment, storage, and disposal facility which did not have an EPA Identification Number.

RESOLUTION: Stipulation and Consent Order (No. 9403008) and penalty paid of \$20,000.00.

ACTION: **Notice of Violation (No. 9302016)** Inspection date August 10-13, and 18, 1992.

- ISSUES:
- Failure to make a hazardous waste determination.
 - Failure to manage a hazardous waste beyond 90-days with a permit or interim status.
 - Failure to maintain a hazardous waste in a close fashion.
 - Failure to properly record data in the DRMO storage operating record.
 - Failure to properly document the training status of an employee working with hazardous waste.
 - Failure to provide an annual review of initial hazardous waste management training for an employee working with hazardous waste.
 - Failure to provide job description information in the training records for an employee working with hazardous waste.

RESOLUTION: Resolution provided by written response.

ACTION: **Notice of Violation (No. 9206122)** Inspection date September 16-19 and November 13, 1991.

- ISSUES:
- Failure to make a hazardous waste determination on 500 gallons of waste at the IWTP.
 - Storing hazardous waste in open containers at six different locations.
 - Storing hazardous waste in containers without start accumulating dates at ten locations.
 - Storing hazardous waste in containers that were not labeled or marked clearly with the words, "Hazardous Waste", or identifying the chemical constituents by name at three locations.
 - Failure to submit a report to the Executive Secretary before the expiration of the seventy-two hour reporting time frame limit the repair schedule for repairing a cracked concrete berm in the permitted hazardous waste storage facility.
 - Failure to document in the DRMO personnel training records that employees had received the required training within six months of their hire date prior to working in areas of hazardous waste management.
 - Failure to accurately record in the permitted hazardous waste storage facility 'Operating Record' the location of a container of hazardous waste accepted for storage.

RESOLUTION: Resolution provided by written response.

ACTION: **Notice of Violation (No. 9011007)** Inspection date September 20, 1990.

- ISSUES:
- Failure to mark a container.
 - Failure to maintain in the files a copy of a LDR notification.
 - On two occasions the hazardous waste storage facility's capacity was exceeded.
 - Failure to limit container stacking to one high in the hazardous waste storage facility.
 - Failure to meet deadlines for submittal of documents.
 - Failure to obtain written approval to change reporting forms.
 - Failure to follow reporting procedures for malfunctions or deteriorations discovered.

RESOLUTION: Resolution provided by written response.

ACTION: **Notice of Violation (No. 8911926)** Inspection date September 25, 1989.

- ISSUES:
- Failure to clearly label a container holding hazardous waste with the words "Hazardous Waste"
 - Failure to clearly mark a container holding hazardous waste with the date upon which accumulation started.
 - Failure to store only wastes described in their Part-B permit.

RESOLUTION: Resolution provided by written response.

ACTION: **Notice of Violation (No. 8905722)** Inspection date March 21, 1989.

- ISSUES:
- Offering hazardous waste to a transporter which did not have an EPA Identification Number

RESOLUTION: Resolution provided by written response.
