### APPLICATION INSTRUCTIONS TO REQUEST WASTE TIRE PILE REMOVAL

The following instructions are intended to assist in beginning the process of removing a waste tire pile from an abandoned tire pile or a tire pile located at a landfill.

#### **Part I Instructions**

##### *Section I - Type of Waste Tire Pile to be Removed*

Check the appropriate box.

This application is to be used by state and local government landfills and transfer stations or by a county or municipality applying for an abandoned waste tire pile cleanup. **This application, with approval from the division to complete the removal, is required to receive reimbursement.**

**Only state and local government landfills or transfer stations can receive a reimbursement for the removal of waste tire piles from its landfill and deliver to a registered waste tire recycler.**

An Abandoned Waste Tire Pile is defined in UCA 19-6-803(1):

"Abandoned waste tire pile" means a waste tire pile regarding which the local department of health has not been able to:

- (a) locate the persons responsible for the tire pile; or
- (b) cause the persons responsible for the tire pile to remove the tire pile.

##### *Section II - Does the Tire Pile Contain More than 200 Tires?*

Check the appropriate box.

To be applicable for a reimbursement to remove a waste tire pile, the pile must meet the definition of a waste tire pile. A Waste Tire Pile is defined in UCA 19-6-803(3):

"Waste tire pile" means a pile of 200 or more waste tires at one location.

### Section III - Location of Waste Tire Pile

Record the exact location of the waste tire pile. If the location has a physical address, please include it. If there is no physical address, include cross streets and/or directions to the site. If the removal is taking place at a landfill, include the name of the landfill under NAME OF THE FACILITY.

### Section IV - Landfill Operator Information or County/ Municipality Contact

Record the individual, governmental entity, or other legal entity that provides daily operations at the facility. If this is an abandoned tire pile removal, please use this section to provide the best contact at the applicable county or municipality where the waste tires are being removed from.

### Section V - Registered Transporter / Recycler Information (1<sup>st</sup> Bid)

The person listed as CONTACT NAME AND TITLE should be the individual that the Division can communicate with for general information and questions about the removal request.

### Section VI - Registered Transporter / Recycler Information (2<sup>nd</sup> Bid)

The person listed as CONTACT NAME AND TITLE should be the individual that the Division can communicate with for general information and questions about the removal request.

### Section VII - Registered Recycler Information (Location Waste Tires will be Delivered)

The person listed as CONTACT NAME AND TITLE should be the individual that the Division can communicate with for general information and questions about the reimbursement process. The applicant's address is the business mailing address. Where the owner, operator, and landowner are the same enter the contact information for the owner contact only. If the company is the same in section V or VI, enter SAME AS SECTION V or VI in the space labeled CONTACT NAME and TITLE.

## **Part II Additional Information**

### **Section I - Required Supplemental Documents**

The individual requesting for a removal must supply the applicable documents in this section to be considered a complete application. The recycler, waste tire transporter, or landfill that is requesting removal shall include:

- (a) Local Health Department (LHD) Statement Certifying Abandoned Tire Pile Status (if abandoned)
- (b) Copies of Bids to Remove Tire Pile
- (c) Cost Breakdown to Remove Landfill Tire Pile (if not using a 3rd party)
- (d) Waste Receipt Records (if this is a landfill tire pile removal)

Not all of the required supplemental documents will be applicable to every situation.

If you are applying as a county or municipality to remove an abandoned tire pile, this application is required to include (a) and (b).

If you are a landfill requesting removal and using a registered waste tire recycler or registered waste tire transporter, this application is required to include (b) and (c).

If you are a landfill located in a county with a population of 175,000 or more and requesting removal, this application is required to include (c) and (d).

### **Section II – Amount of Tires**

Fill in the amount of tires (number of tires or total weight) which are to be removed from the waste tire pile.

### **Authorized Signature**

The applicant submitting this form for waste tire removal must sign here. An application submitted with no signature will not be considered complete and will not be issued an approval to remove the waste tire pile. In signing this section, the applicant is certifying that all information entered on this form, and all submitted supplemental documentation is accurate and complies with the requirements of UCA 19-6-801 through 19-6-823.

If additional help is needed to complete the form, please contact the Division of Waste Management and Radiation Control (Division) Waste Tire Recycling Program representative at 801-536-0200.

**Part I General Information**      APPLICANT: PLEASE COMPLETE ALL SECTIONS.
