

April 29, 2021 Utah Wastewater Operator Certification Exams

Session Reservation Required

Due to the continuing group gathering limitations, the April 29, 2021 testing sessions will be “by appointment only” at locations where social distancing requirements can be met. They will be scheduled for either “morning” or “afternoon” depending on the hosting location on a first-come, first-served basis for completed applications.

If you wish to participate in this testing, use the link [survey here](#) to complete an online survey indicating your preferences for “location” and “Time”. The request will be matched to the Application Form, Citizenship Form, and Exam Fee payment that are submitted for the April session received by the Division of Water Quality **prior to the 5 pm application deadline on April 2, 2021**. This is only a “preference” and not a guarantee, since each facility has its limitations. You will be contacted by email (to the email address provided on the preference survey) with further instructions for taking the exams.

Initial locations available include:

- American Fork (Timpanogos SSD) Maximum 18 each session
