September 25, 2019

DIVISION OF WATER QUALITY UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY PUBLIC NOTICE OF MODIFICATION OF UPDES PERMIT

PURPOSE OF PUBLIC NOTICE

The purpose of this public notice is to declare the State of Utah's intention to modify a Utah Pollutant Discharge Elimination System (UDPES) Permit under authority of the Utah Water Quality Act, Section 19-5-104 and 107, Utah Code Annotated 1953, as amended. Said "permit" refers to UPDES Permit and the Fact Sheet and Statement of Basis (including the total maximum daily loads (TMDL's)) if applicable, as per Section 303 (d) of the Federal Clean Water Act (CWA).

PERMIT INFORMATION

PERMITTEE NAME: Andersen Geneva Development, Inc.

MAILING ADDRESS: 281 South Vineyard Road, Suite 106, Vineyard, UT 84057

TELEPHONE NUMBER: (801) 225-2031

FACILITY LOCATION: 900 North Geneva Road, Vineyard, UT

UPDES PERMIT NO.: UT0000361
PERMITTED OUTFALLS: 001 & 005
RECEIVING WATERS: Utah Lake

BACKGROUND

The Anderson-Geneva Development facility (AGD) is a defunct integrated steel mill located in the town of Vineyard, Utah, just east of Utah Lake in Utah County. As of June 2010, the steel making machinery has been dismantled and removed off site, and all of the buildings on the property have been demolished. The only wastewater process currently in operation is the RCRA Granular Activated Carbon (GAC) treatment unit discharging through Outfall 005, which is an internal discharge point as part of the storm water collection system ultimately discharging through Outfall 001. All wastewater, groundwater, and storm water generated at the facility is discharged via Outfall 001 to Utah Lake through a 1500 foot long, 24-inch diameter diffuser pipe. AGD has requested the relocation of Outfall 005 to accommodate a new GAC treatment unit to be located approximately $\frac{3}{4}$ mile west from the existing Outfall and GAC treatment unit. The receiving waters remain unchanged. This is the only change being proposed with this permit modification and subject to public comment. All other permit provisions remain unopened and unchanged.

PUBLIC COMMENTS

Public comments are invited any time prior to the deadline of the close of business on October 25, 2019. Written public comments can be submitted to: Jeff Studenka, UPDES Surface Water Section, Utah Division of Water Quality, P.O. Box 144870, Salt Lake City, Utah 84114-4870 or by email at: jstudenka@utah.gov. After considering public comment the Director may execute the permit issuance, revise it or abandon it. The permit is available for public review at http://deq.utah.gov/water-quality/water-quality-public-notices. If internet access is not available, a copy may be obtained by calling Jeff Studenka at 801-536-4395.
