Public Notice of Intent to Renew Permit UTU-03-AP-173E18B
Underground Injection Control Class V Area Permit
Aquifer Storage and Recovery

Purpose of Public Notice

The Utah Department of Environmental Quality (DEQ) is soliciting comments on the request to renew Underground Injection Control (UIC) Class V permit **UTU-03-AP-173E18B**. The permit is issued by the Director of the Division of Water Quality (DWQ) under authority of the Utah Water Quality Act, Section 19-5-106(g) Utah Code Ann. 1953, as amended and Utah Administrative Code R317-7. Under Section R317-7-13 the Director of DWQ will investigate and provide written response to all citizen complaints duly submitted. In addition, the Director shall not oppose intervention in any civil or administrative proceeding by any citizen where permissive intervention may be authorized by statute or rule. The Director will publish notice of and provide at least thirty (30) days of public comment on any proposed settlement of any enforcement action. Utah Administrative Code R317-7-13 can be viewed at the following internet URL: <https://rules.utah.gov/publicat/code/r317/r317-007.htm#E14>.

Permit Information

Permittee Name:	Brigham City Corporation
Facility Location:	Brigham City, Box Elder County
Mailing Address:	PO Box 1005 Brigham City, UT 84302

Brigham City Corporation (Brigham) is currently permitted to operate an aquifer storage and recovery (ASR) facility under UIC Class V Area Permit **UTU-03-AP-173E18B**. Brigham operates its ASR facility as an integral part of their public water supply system. The purpose of the facility is to inject an excess of 4 to 6 million gallons per day of high-quality water into the alluvial aquifer beneath the city that is the source of the public water supply. The water injected into the aquifer comes from six (6) Mantua Valley springs located near Mantua during the winter months for subsequent withdrawal during the high use summer months. In addition, Brigham City requested to add the new Canyon View Well to the permit as part of its renewal which must occur every 5 years and is due in 2021.

Public Comments

Public comments are invited any time prior to **Friday, April 30, 2021**. Comments may be directed to the Division of Water Quality, PO Box 144870, Salt Lake City, UT 84114-4870 or via email to dearley@utah.gov. All comments received prior to close of business **Friday, April 30, 2021**, will be considered in the formulation of final decision to renew and modify the permit. A public hearing may be held if written requests are received within the first 15

days of this public comment period that demonstrate significant public interest and substantive issues exist to warrant holding a hearing.
