BACKGROUND

The Utah Pollutant Discharge Elimination System (UPDES) General Permit for Discharges from Construction Activities (Permit No. UTRC00000) authorizes owners and operators of construction activities that meet the requirements of Part 1 of this permit to discharge pollutants in accordance with specific effluent limitations and conditions. The owner and operator, GTM Builders, obtained coverage under this general permit on December 6, 2017 and was assigned permit number of UTR383817.

The Division conducted an inspection of the construction site on March 4, 2019 in response to a complaint. The following violations were discovered during the inspection: The Notice of Intent (NOI) had expired, and the site was unpermitted for four months, and no inspections were conducted resulting in twenty missed inspections.
