BACKGROUND

The Kennecott Utah Copper Draft UPDES Permit and associated documents were on Public Notice from February 15, 2022, through March 16, 2022; during this period one comment was received. As a result of the comment received, the WLA for Outfall 009 was modified. As a result of the modification, some parameter limits became less stringent, therefore the permit needs to go to Public Notice again.

PUBLIC COMMENTS

Public comments are invited any time prior to the deadline of the close of business on **June 6, 2022**. A public hearing can be requested, although the request must be submitted during the comment period. Comments are limited to modifications made, not the entirety of the permit. Written public comments can be submitted to: Danielle Lenz, UPDES Individual Permit Section, Utah Division of Water Quality, PO Box 144870, Salt Lake City, Utah 84114-4870, or by email
