DIVISION OF WATER QUALITY
UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY
PUBLIC NOTICE TO ISSUE A UPDES GENERAL PERMIT FOR TREATED
GROUNDWATER

PURPOSE OF PUBLIC NOTICE

The purpose of this public notice is to declare the State of Utah's intention to issue coverage under Utah Pollutant Discharge Elimination System (UPDES) General Permit for Treated Ground Water to Headwaters Construction for the Village at North Station site with specific effluent limitations under authority of the Utah Water Quality Act, Section 19-5-104(9) and 107(2), Utah Code, as amended,

PERMIT INFORMATION

PERMITTEE NAME: Headwaters Construction (Bruce Keen)
MAILING ADDRESS: 639 W 9500 S, STE 1 Victor, ID 83445
PROJECT LOCATION: Latitude 40.770044°, Longitude -111.946140°
UPDES PERMIT NO.: UTG790090
WATERCOURSES: Jordan River via storm drain at 1925 W North Temple

BACKGROUND

Headwaters Construction is requesting coverage under the UPDES General Permit for Treated Ground Water to discharge groundwater to the Jordan River via storm drain. Barium, Isopropylbenzene, and n-propyl benzene were identified in the permittee's Notice of Intent (NOI) as pollutants within the groundwater. These pollutants are not included as a pollutant requiring sampling in the General Permit for Treated Ground Water. In order to ensure water quality is protected, the Utah Division of Water Quality (DWQ) is issuing this public notice to add barium, Isopropylbenzene, and n-propyl benzene sampling requirements to Headwaters Construction's permit coverage with an associated effluent limitation of 0.1 mg/L¹ to UTG790090.

¹ Limits are derived using Utah Water Quality Standards found in R317-2-14.

Public Notice

PUBLIC COMMENTS

Public comments are invited any time prior to the deadline of the close of business on **May 2, 2022**. Written public comments can be submitted to: Andrea Kilbane, General Permitting Section, Utah Division of Water Quality, PO Box 144870, Salt Lake City, Utah 84114-4870 or by email at: akilbane@utah.gov. After considering public comments the Utah Division of Water Quality may execute the permit issuance, revise it or abandon it. The permit is available for public review under <https://deq.utah.gov/water-quality/water-quality-public-notices>. If internet access is not available, a copy may be obtained by calling Andrea Kilbane at 385-501-9586.
