Subject: Proposed Penalty and Settlement Agreement, Docket Number I19-13
Discharge of Waste Water into Mini Creek Notice of Violation
Utah DEQ Incident #14204

Dear Mr. Peck:

Enclosed is the proposed Settlement Agreement (Settlement) to resolve the Notice of Violation and Compliance Order (NOV/CO) issued to Thomas J. Peck and Sons, Inc. by the Division of Water Quality (DWQ). The NOV/CO was issued as a result of a discharge of waste water from a truck washing facility into Mini Creek, a tributary of Utah Lake, on or about November 14, 2019.

Attached please find a copy of the Settlement, along with the supporting penalty documents to formally resolve the NOV. If you are in agreement, please sign two copies (**do not date them**) and return to our office within 10 days of receipt.

The Division will give public notice of the Settlement for thirty days. If there are no significant changes necessary as a result of the public comment period, the Settlement will be finalized. Once finalized, we will send you a fully executed copy for your records, along with an invoice for the penalty amount.

If you have any questions regarding this information, please contact Kevin Okleberry at 801-536-4054 or kokleberry@utah.gov.

Sincerely,

Erica Brown Gaddis, PhD
