9:10 AM  Numeric Nutrient Criteria (NNC) Development Approach
Dr. Kateri Salk, Tetra Tech, will introduce the NNC development project, discuss the technical approach, provide an overview of the Science Panel decision points, and request Science Panel input.

- Introduction to Numeric Nutrient Criteria approach
- Science Panel discussion
- Public discussion (5 min)

9:50 AM  Lake and Watershed Model Development
Kevin Kratt, Tetra Tech, will discuss recent progress on the development of the in-lake and watershed models.

- Presentation of model development progress, timeline, and preliminary results
- Science Panel discussion
- Public discussion (5 min)

10:25 AM  Utah Lake Phosphorus Binding Study
Dr. Josh LeMonte, BYU, will present an update on the P-binding study.

- Presentation of study progress, timeline, and preliminary results
- Science Panel discussion

10:45 AM  Public Involvement
Members of the public will have an opportunity to comment on the ULWQS efforts. The time given to individuals will depend on the number of people requesting to comment. Additional comments can be submitted in writing to the Division of Water Quality or the facilitation team.

10:50 AM  Updates and Next Steps
- Numeric Nutrient Criteria Technical Framework
- Upcoming engagements

11:00 AM  ADJOURN
PROCESS COMMITMENTS

- Seek to learn and understand each other’s perspective.
- Encourage respectful, candid, and constructive discussions.
- Seek to resolve differences and reach consensus.
- As appropriate, discuss topics together rather than in isolation.
- Make every effort to avoid surprises.

GROUND RULES

- Focus on the task at hand
- Have one person speaking at a time
- Allow for a balance of speaking time by providing succinct statements and questions
- Listen with respect
- Be civil
- Keep side conversations to a minimum
- Turn off cell phones or put them in the non-ring mode during formal meeting sessions
