INSTRUCTIONS

Notice Of Intent (NOI) For Covered Under the UPDES General Permit Construction Dewatering/Hydrostatic Testing

Online application system available at <https://secure.utah.gov/waterquality> (don't forget the https at front)

WHO MUST FILE A NOTICE OF INTENT (NOI) FORM

State law at UCA 19-5-107 and UAC R317-8-2.1 prohibits point source discharges to a water body(ies) of the State without a Utah Pollutant Discharge Elimination System (UPDES) permit. The operator of construction dewatering or hydrostatic testing activity that has such a discharge must submit a NOI to obtain coverage under the UPDES General Permit for Construction Dewatering/Hydrostatic Testing. If you have questions about whether you need a permit under the UPDES program contact the Division of Water Quality at (801) 536-4300.

WHERE TO FILE NOI FORM

NOIs, with fee payment(s), must be sent to the following address:
Department of Environmental Quality
Division of Water Quality
P.O. Box 144870
Salt Lake City, UT 84114-4870
Paper NOIs should be submitted 30 days before the start of the project is planned.

GET YOUR PERMIT NOW. NO WAITING!

Online application system available at

<https://secure.utah.gov/waterquality>

(don't forget the https at front)

COMPLETING THE NOI FORM

Fill in the appropriate areas. If you have any questions on this form please call the Division of Water Quality at (801) 536-4300.

PERMIT FEE

The permit fee for coverage under the Construction Dewatering/Hydrostatic Testing permit is \$110 minimum per year.

OPERATOR

Record the name and telephone number of the person with the best working knowledge of the project and it's progress.

FACILITY OPERATOR INFORMATION

Give the legal name(s) of the person(s), firm(s), public organization(s), or any other entity(ies) that conducts the construction operation at the facility or site described in this application. The operator(s) is usually the general contractor or the excavation contractor or anyone else that fits the definition of operator. An operator is anyone that has control over site/project specifications and/or control of day to day operational activities. Do not use a colloquial name. Enter the complete address and telephone number of the operator(s).

Enter the appropriate letter to indicate the legal status of the operator of the facility.

Private, Federal, State, Other Public (other than F or S) P = Private

SITE LOCATION INFORMATION

Enter the facility's or site's official or legal name and project number (if any) and complete street address, including city, state and ZIP code. If the facility or site lacks a street address, indicate the latitude and longitude of the facility to the nearest 0.005 degrees decimal of the approximate center of the site.

Indicate whether the facility is located on Indian Lands.

If the facility is located on Indian Lands the permittee must contact EPA Region VIII except for facilities on the Navajo Reservation or on the Goshute Reservation, for which the permittee must contact EPA Region IX. The EPA has jurisdiction over Indian Lands.

BEGINNING OF COVERAGE

As with all general permits coverage under a general permit applies the same permit conditions for each site covered. The permittee may begin discharging according to conditions in the general permit as soon as the coverage title page is signed by the Director. For PAPER submissions: the Construction Dewatering/Hydrostatic Testing permit, the permit fee can be paid when the NOI is submitted or DWQ will bill the permittee after the permit is issued. For permit Fees MAKE CHECKS PAYABLE TO: DIVISION OF WATER QUALITY. The online submission system will require payment by credit card or e-check. The permit will be good for 1 year from the start date.

BEST MANAGEMENT PRACTICES

Indicate by checked box and explanation what management practices or treatment will be used to treat the water discharged.

TYPE OF CONSTRUCTION

Check the type of construction that will be the cause of the dewatering discharge. Make a brief explanation of the project and the steps to complete it.

HYDROSTATIC TESTING

Indicate the type and size of vessel and the material it is made of. Also list all potential contaminants that could be in the discharge.

RECEIVING WATER BODY

Indicate the receiving water body the discharge is flowing into, or the nearest receiving water body if the discharge flows into a storm drain, irrigation ditch, or is pumped onto uplands for percolation.

CERTIFICATION

State statutes provide for severe penalties for submitting false information on this application form. State regulations require this application to be signed as follows:

For a corporation: by a responsible corporate officer, which means: (I) president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision making functions, or (ii) the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures;

For a partnership or sole proprietorship: by a general partner or the proprietor; or

For a municipality, state, Federal, or other public facility: by either a principal executive officer or ranking elected official.
