

MEETING AGENDA

June 14th, 2018

9:30-11:30

Utah Division of Water Quality

195 North 1950 West

Red Rocks Conference Room, 3rd Floor

- 9:30-9:45** **Welcome and Introductions** (Erica Gaddis, *Director, Division of Water Quality*)
- 9:45-10:15** **Grazing Enhancement Program Update** (Troy Forest- Utah Department of Agriculture and Food)
The Grazing Improvement Program is focused on helping improve grazing on public and private land by increasing forage for the producer, while helping protect the natural resources within those grazing allotments. This presentation will highlight the accomplishments of the GIP program in 2017 and present some of the projects that they are currently working on, or will be working on in 2018
- 10:15-10:45** **Watershed Restoration Initiative** (Tyler Thompson –Utah Department of Natural Resources)
This presentation will highlight some of the projects that have been implemented using WRI funding. It will also cover the projects that were funded for FY-2019.
- 10:45-11:00** **Statewide Water Quality Outreach Campaign update** (Nancy Mesner- Utah State University)
Since the last Water Quality Task Force meeting, a subcommittee, consisting of various agencies, has met to discuss a potential statewide water quality campaign. This presentation will review what was determined in that meeting, and seek feedback from the Water Quality Task Force.
- 11:00-11:30** **Nonpoint Source Program Annual Report** (Jim Bowcutt- Utah Division of Water Quality)
This presentation will highlight the accomplishments of the nonpoint source pollution management program in 2017, and will also present the FY-2019 project rankings for Section 319 and State NPS funding. An update on the NPS Management plan will also be given.
- 11:30-11:45** **Other Business**
- Admin on NPS grants
 - Loans for AFO's
 - Next meeting
 - Future topics
- 11:45** **Close meeting**
