**Division of Water Quality
Utah Department of Environmental Quality
Public Notice for the Modification of Ground Water Discharge Permit
Permit No. UGW350005**

Purpose of Public Notice

The Utah Department of Environmental Quality (DEQ) is soliciting comments on the request to renew a ground water discharge permit as described below. The ground water discharge permit is issued by the Director of the Division of Water Quality under authority of the Utah Water Quality Act, Section 19-5-106(g) Utah Code Ann. 1953, as amended and Utah Administrative Code R317-6. Under Section 19-1-301.5, effective May 8, 2012, a person who wishes to challenge a Permit Order may only raise an issue or argument during an adjudicatory proceeding that was raised during the public comment period and was supported with sufficient information or documentation to enable the Director to fully consider the substance and significance of the issue. Utah Code Ann. 19-1-301.5 can be viewed at the following internet URL: http://le.utah.gov/~code/TITLE19/htm/19_01_030105.htm.

Permit Information

Permittee Name: Salt Lake City Department of Airports

Mailing Address: AMF Box 22084
Salt Lake City, Utah 84122

Facility Location: Detention Ponds: One mile north of I-80 and east of new runway
Land Application Site: At the northwest end of the airport property

The Salt Lake City Department of Airports (SLCDA) has applied for the renewal of Permit No. UGW350005. SLCDA recycles spent aircraft deicing fluid (ADF) at its glycol recycling plant located at 2175 North 4325 West, Salt Lake City, Utah. Storm water entrained ADF generated during aircraft deicing operations is collected, monitored and distributed into one of three lagoons (ponds) based on glycol concentration. The reclaimed glycol is made available for resale to a secondary market. The remaining volume and process waste water containing less than 1% glycol is land applied. Soil and groundwater samples are collected after each land application event and are analyzed by a certified laboratory. The detention ponds are comprised of three cells with a holding capacity of 10 million gallons. The ponds have a composite liner consisting of a clay sub liner overlain by a 30-mil geomembrane liner and covered by a 36 mil geomembrane liner. Based

on ground water quality data submitted by the permittee, the shallow aquifer at the site is designated as Class IV Saline Ground Water. Compliance monitoring includes ground water monitoring for the detention ponds, and ground water and soil monitoring for the land application site. To date all sampling analysis has reported below detection limits for glycol.

Public Comments

Public comments are invited any time through close of business on **April 14, 2021**. Written public comments can be submitted to: Sarah Ward, Individual Permits Section, Utah Division of Water Quality, PO Box 144870, Salt Lake City, Utah 84114-4870 or electronically by email at: sarahward@utah.gov or at <https://deq.utah.gov/water-quality/water-quality-electronic-submissions>. A public hearing may be held if written requests are received within the first 15 days of this public comment period that demonstrate significant public interest and substantive issues exist to warrant holding a hearing.

After considering public comment, the Division of Water Quality may reissue, revise, or abandon it. The permit is available for public review under “Public Participation” at <https://deq.utah.gov/public-notices-archive/water-quality-public-notices>. If internet access is not available, a copy may be obtained by calling Sarah Ward at 385.332.9574.

Further Information

Additional information may be obtained upon request by contacting Sarah Ward at 385.332.9574 or sarahward@utah.gov or by writing to the aforementioned address. Related documents are available for review during normal business hours at DWQ, 195 North 1950 West in Salt Lake City or on the DWQ web page at <http://www.waterquality.utah.gov/PublicNotices/index.htm>.

In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Larene Wyss, Office of Human Resources at (801) 536-4284, TDD (801) 536-4284.

Thank you for placing your order with us.
