

How to Renew a Permit in NeTRDHT

- 1) Sign into the NeT RDHT Application. <https://npdes-ereporting.epa.gov/net-rdht>
- 2) Click on your role next to the NeTRDHT App, will be Signatory or Preparer

 NETRDHT: NeT - Groundwater Remediation, Dewatering, and Hydrostatic Testing General Permit [Signatory](#)

- 3) Select the Actions dropdown next to your permit and choose to “Renew Coverage”. You will be asked to review all of your information and have a Signatory re-certify the form before you pay the renewal fee. If you do not see your permit please follow the help file on How to Request Permissions to an Existing Permit.
