# How to Add NeTRDHT to an Existing CDX Account
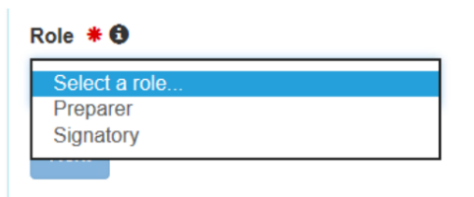

1) Login to your existing CDX account on the login page: https://cdx.epa.gov

2) If you do not see NETCGP under Services then click Add Program Service.

3) Select NeT: NPDES eReporting Tool from the list.

4) Select NET RDHT: NeT - Groundwater Remediation, Dewatering, and Hydrostatic Testing General Permit.

5) Select the appropriate role to request. Preparer can view and edit but not sign documents. Signatory can view, edit, sign, and manage permissions.

6) If you are requesting a signatory role you will be prompted to sign the Electronic Signature Agreement (ESA) to complete this process.
