

Utah Lake Water Quality Study (ULWQS) Science Panel  
MEETING AGENDA

August 3, 2022 - 12:00 PM to 3:00 PM

Virtual Meeting via Zoom

Meeting ID: 822 5275 3930/ Passcode: 090243

- 12:00 PM**            **Welcome and Introductions**
- 12:10 PM**            **Science Panel Membership**  
The facilitation team will provide an update on recent changes to the Science Panel membership and discuss the process for nominating and selecting new members.
- 12:20 PM**            **Science Panel Atmospheric Deposition Uncertainty Framework**  
Dr. Kateri Salk, Tetra Tech, will provide an overview of the uncertainty framework in the preliminary *ULWQS Atmospheric Deposition Synthesis* document. The Science Panel will discuss the uncertainty framework.
- 1:25 PM**            **Public Involvement**  
Members of the public will have an opportunity to comment on the uncertainty framework. The time given to individuals will depend on the number of people requesting to comment. Additional comments can be submitted in writing to the Division of Water Quality or the facilitation team.
- 1:30 PM**            **Break**
- 1:40 PM**            **Science Panel Atmospheric Deposition Discussion Topics**  
Dr. Kateri Salk, Tetra Tech, will provide an overview of the preliminary *ULWQS Atmospheric Deposition Synthesis* document and the remaining discussion topics for the Science Panel to consider to recommend a final range of phosphorus and nitrogen atmospheric deposition loading values to include in the model. The Science Panel will discuss each discussion topic after Kateri's overview. Following each topic, members of the public will have an opportunity to provide comments. The discussion points are:
- Areal flux
  - Attenuation

- Load
- Speciation

**2:45 PM Public Involvement**

Members of the public will have an opportunity to comment on the ULWQS efforts. The time given to individuals will depend on the number of people requesting to comment. Additional comments can be submitted in writing to the Division of Water Quality or the facilitation team.

**2:50 PM Updates and Next Steps**

**3:00 PM ADJOURN**

---

**PROCESS COMMITMENTS**

- Seek to learn and understand each other's perspective.
- Encourage respectful, candid, and constructive discussions.
- Seek to resolve differences and reach consensus.
- As appropriate, discuss topics together rather than in isolation.
- Make every effort to avoid surprises.

**GROUND RULES**

- Focus on the task at hand
- Have one person speaking at a time
- Allow for a balance of speaking time by providing succinct statements and questions
- Listen with respect
- Be civil
- Keep side conversations to a minimum
- Turn off cell phones or put them in the non-ring mode during formal meeting sessions
