Greetings,

This email establishes the reasonable period of time for the water quality certification (certification) under Section 401 of the Clean Water Act for the US Magnesium Canal Continuation project. The project site is located in Gilbert Bay of the Great Salt Lake, near Latitude 41.7095°, Longitude -111.8692°, Tooele County, Utah.

On September 2, 2022, Tim Gribben (applicant) submitted a complete request for a 401 Water Quality Certification (attached). The reasonable period of time to grant, deny, or expressly waive certification for the project is 90 days. The certification will be considered waived if you do not act on the request by December 1, 2022. Any request to extend the reasonable period of time should be sent to the sender of this email.

Please refer to identification number SPK-2008-01773 in any correspondence concerning this project. If you have any questions, please contact me at the Bountiful Regulatory Office, [533 West 2600 South, Suite 150, Bountiful, Utah 84010](#), by email at Michael.A.Pectol@usace.army.mil, or telephone at (801) 295-8380 X 8315. Thank you,

Mike Pectol

U.S. Army Corps of Engineers
